ACCESSIBILITY

If you have difficulty accessing the information in this document because of disability, please contact Dr. Megan Pape, Director of Special Education/504, at (979) 865-3133 or via email at mpape@bellvillebrahmas.org.

ATTENDANCE

Every child who resides in this District who is as much as six years of age, or who is less than six years of age and has previously been enrolled in first grade, and who has not reached the age of eighteen (18), shall be required to attend a public school in the District.

Regular attendance and punctuality are required of every student. Acceptable excuses for absences and tardies include personal illness, sickness or death in the immediate family, quarantine, weather or road conditions making travel dangerous, required legal business approved in advance by the principal, religious holy days (if, before the absence, the parent, guardian, or person having custody or lawful control of the student submits a written request for the excused absence), a temporary absence resulting from health care professionals if the student commences classes or returns to school on the day of the appointment, or any unusual cause acceptable to the principal or the superintendent. No student is permitted to leave the school campus during school hours without an excuse, in writing or by telephone, from the parent or guardian. These excuses must be approved by the principal or person designated by the principal or District. Once a student arrives on campus before regular school hours, he/she is expected to remain on campus unless permission to leave has been granted by an administrator.

A. Attendance For Credit

Board policy and State law provide that no student shall be given credit for a class or promoted to the next grade if he has not been in attendance at least 90% of the days the class is offered. A student and the student's parent or guardian shall be given written notice prior to and at such time when a student's attendance in any class drops below 90% of the days the class is offered. A student who has an "excused" absence is not in violation of the compulsory attendance law but can still be denied credit for a class if those excused absences comprise more than 10% of the days instruction is offered. Written documentation of a student's absence must be submitted by a parent/guardian within five days after the date of the absence for the absence to be considered to be excused. When a student's attendance drops below 90% of the days the class is offered, the student, parent, or representative may request award credit by submitting a written petition to the appropriate attendance committee. The attendance committee shall review the student's entire attendance record and the reasons for absences, and shall determine whether to award credit. Petitions may be filled at any time the student receives notice, but in any event, no

later than 30 calendar days after the last day of classes. An attendance committee appointed by the Board may give credit if there were extenuating circumstances for the absences.

“Extenuating circumstances” are the following:

1. Board-approved extracurricular activity or public performance subject to limitations in FDD (LEGAL).
2. Required screening, diagnosis, and treatment for Medicaid-eligible students.
3. Documented health care appointment, if the student begins classes or returns to school on the same day as the appointment.
4. Temporary absence resulting from any cause acceptable to the teacher, principal, or Superintendent.
5. Juvenile court proceeding documented by a probation officer.
6. Absence required by state or local welfare authorities.
7. Family emergency or unforeseen or unavoidable instance requiring immediate attention.
8. Approved college visitation.

Absences for which the student has shown extenuating circumstances and completed routine make-up work shall be considered days of attendance for computing the required percentage of days of attendance.

A student may miss a class in a course only thirteen times in a year for participation in extracurricular activities; absences for participation for more than ten days could result in loss of credit.

CAMPUS BEHAVIOR COORDINATOR

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. The campus behavior coordinator on each of the campuses shall be the Principal or the Assistant Principal. The campus behavior coordinators is primarily responsible for maintaining student discipline. CELLULAR TELEPHONES/PORTABLE ELECTRONIC OR TELECOMMUNICATION DEVICES

Policy FNCY (LEGAL) and (LOCAL)

Telecommunication devices are those that emit an audible signal, vibrate, display a message, or otherwise summon or deliver a communication to the possessor. [Telecommunication devices are defined as items such as, but not limited to, cell phones, smart phones, iPhones, Blackberries, electronic readers, and laptops with the capability of sending and receiving messages or information, and any related accessories (including but not limited to wires, headphones, and ear clips)].

Except as provided below under “BYOD Policy,” a student shall not possess a telecommunication device on school property or while attending a school sponsored or school related activity on or off school property, unless the student is in attendance as an active member of a volunteer firefighting organization or a volunteer emergency medical services organization. A school district employee shall confiscate the paging device.

The district will contact the student’s parents and the company whose name and address or telephone number appears on the device with intent to dispose of the device within two weeks after the conclusion of the regular school year. In order for the device to be released to the owner, a \$15.00 administrative fee will be assessed before it will be returned.

A. BYOD POLICY

Bellville Independent School District is committed to assisting students and staff in creating a 21st century learning environment. The District has a BYOD (Bring Your Own Device) policy at Bellville High School which will assist our district in reaching this goal. We will now be incorporating the use of such items as laptops, iPads, tablets, netbooks and cell phones with browsing capabilities for educational purposes only. For purposes of BYOD, “Device” means a privately owned wireless and/or portable electronic hand held equipment that includes, but is not limited to, existing and emerging mobile communication systems and smart technologies, portable internet devices, Personal Digital Assistants (PDAs), iPads, tablets, smart phones, hand held entertainment systems or portable information technology systems that can be used for word processing, wireless Internet access, image capture/recording, sound recording and information transmitting/receiving/storing, etc. Students will follow the BYOD Student Guidelines.

Students may bring their own technology devices and utilize personal electronic communication devices at school in the classroom when the teacher deems them appropriate for educational purposes. **Under no circumstances should telecommunication devices be used to take photos/videos/audio in any school facility**

other than for instructional purposes under the direction of a teacher or at an event open to the public. All devices must remain off and put away unless being used within a lesson during class time. The same procedures and school rules apply to using students' cell phone and other electronic devices during class. If students are participating in the BYOD program, the students' teacher will monitor and give permission for them to use their device at certain times in class. The students are only permitted to use their mobile device for programs, websites, and tools specified by their teacher.

If the students' teacher finds them using their mobile device for off-task activities, then they may lose their privilege to use their mobile device at their teacher's discretion. Students and parents/guardians participating in BYOD must adhere to the Student Code of Conduct, as well as all Board policies, particularly the Internet Acceptable Use and Internet Safety Policies.

If an administrator suspects that a device may contain photos/ videos/audio taken at school or inappropriate photos/videos/ audio, the photos/videos/audio will be reviewed in the presence of the student or parent/guardian prior to the device being returned to the student. Students will be required to delete school-related photos/videos/audio that were taken in violation of these guidelines. Additionally, police will be contacted if an administrator has reason to believe that a photo/videos/audio might be a violation of law. Likewise, if an administrator suspects that a telecommunication device was used in violation of these guidelines and/or for cheating, the administrator may review the call history and/or text messages in the presence of the student or parent/guardian prior to the device being returned to the student. Violation of this policy may also result in the device being confiscated. A \$15.00 administrative fee will be assessed each time the phone is confiscated. Parent must pick up phone from a campus administrator. **Continued violation of this policy may result in disciplinary action, as deemed appropriate by the campus administrator.**

Responsibility to keep the device secure rests with the individual owner. **The School System, or its staff or employees, is not liable for any device stolen or damaged on campus.** If a device is stolen or damaged, it will be handled through the administrative office similar to other personal artifacts that are impacted in similar situations.

CONFERENCES

A principal or administrative designee shall promptly conduct one or more conferences with a student's parent(s)/guardian(s) when:

1. After appropriate documentation, the teacher officially and formally removes a student from the classroom.
2. The student is assigned to a disciplinary alternative education program.

These conferences will generally be conducted in person, but where impractical, may be conducted by telephone. If these methods fail, the conference may be by letter. The district shall document its attempts to schedule and conduct required parental conferences.

Teachers or other school employees (principal, assistant principal, vice-principal, or counselor) may request a conference with a student's parent(s) whenever the teacher or employee (principal, assistant principal, vice-principal, or counselor) perceives the need for parental cooperation in enforcing the student code of conduct.

Parents/guardians may request a conference with the student's teachers, counselor, or administrator when there is a concern about the student's educational progress. These conferences should be scheduled in advance.

CORPORAL PUNISHMENT

Corporal punishment is permitted in order to preserve an effective educational environment, free from disruption, unless the student's parent or guardian has provided a signed statement prohibiting its use. Corporal punishment shall be reasonable and moderate and may not be administered maliciously or for the purpose of revenge. Such factors as the size, age, and physical, mental, and emotional condition of the student; the type of instrument to be used; the amount of force to be used; and the part of the body to be struck shall be considered before administering any corporal punishment.

A disciplinary record shall be maintained and shall contain the name of the student, the type of misconduct, any previous disciplinary actions, the type of corporal punishment administered, the names of witnesses present and the date and time of the punishment. Disciplinary records shall be made available to parents or the student, whichever is appropriate.

Corporal punishment should be used sparingly, cautiously, and with the best interest of the student in mind. However, when corporal punishment is to be administered, the following procedures are to be followed: corporal punishment can only be done with the approval of the Superintendent, corporal punishment will be administered by the school principal, assistant principal, or other professional designated by the principal in the presence of one other District professional employee and in a designated place out of view of other students.

When administered, respect for the student is foremost, and punishment will be done in a private place. The student must be made aware of why he/she is to receive corporal punishment and should have the opportunity to say if there is any family or medical reason why he/she should not receive said punishment.

The principal is responsible for determining that the adult, who is administering the corporal punishment, whether it is himself/herself or another adult, is doing so in a respectful manner and without any emotional involvement.

DISCIPLINARY ACTIONS REGARDING STUDENTS WITH DISABILITIES

The discipline of students with disabilities is subject to state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, the district shall comply with federal law. For more information regarding discipline of students with disabilities, see policy FOF(LEGAL).

In accordance with the Education Code, a student who receives special education services may not be disciplined for conduct meeting the definition of bullying, harassment, or making hit lists (see glossary) until an ARD committee meeting has been held to review the conduct. The Discipline Management Plan and the Student Code of Conduct apply to all students, including a student with disabilities.

In deciding whether to order suspension, DAEP placement or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.

DISCIPLINARY ALTERNATIVE EDUCATION PROGRAMS

The district shall make reasonable efforts to provide for the continuing education of a student removed to an alternative education program. A student placed in an alternative education program is prohibited from attending or participating in building sponsored or school-related activities.

A. Nature of a Disciplinary Alternative Education Program

1. Is provided in a setting other than a student's regular classroom;
2. Is located on or off a regular school campus;
3. Provides for the students who are assigned to the disciplinary alternative education program to be separated from students who are not assigned to the program;
4. Focuses on English language arts, mathematics, science, history, and self discipline;
5. Provides for students' educational and behavioral needs;
6. Provides for supervision and counseling;
7. Provides a student removed to a disciplinary alternative education program an opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation before the beginning of the next school year. The school district may provide the student an opportunity to complete coursework through any method available, including a correspondence course, distance learning, or summer school. The district may not charge the student for a course provided under this subsection.
8. May provide for a student's transfer to
 - a) a different campus;
 - b) a school community guidance center; or
 - c) a community based alternative school;
9. May provide a disciplinary alternative education program jointly with one or more districts.
10. Is not required to provide a course necessary to fulfill a student's high school graduation requirement. However, the parent or guardian of a student placed in DAEP shall be given written notice of the student's opportunity to complete foundation curriculum course required for graduation, at no cost to the student. The notice shall include information regarding all available methods for completing the coursework.
11. A student younger than six (6) years of age may not be removed from class and placed in the Alternative Learning Center.
12. An elementary school student may not be placed in the Alternative Learning Center with any other student who is not an elementary school student.

B. Types of Alternative Education Programs

1. Detention halls (before or after school, or at lunch)
2. In-building suspension
3. Saturday detention
4. Alternative Learning Center

C. Disciplinary Alternative Education Program (DAEP) Requirements

1. Conference

- a) A conference shall be held not later than the third class day after the day on which a student is removed from class by the teacher [TEC § 37.002(b)] or by the campus behavior coordinator or other appropriate administrator [TEC § 37.006], the student's parent or guardian, the teacher removing the student (if any), and the student.
- b) The student is entitled to written or oral notice of the reasons for the removal, an explanation of the basis for the removal to the DAEP, and an opportunity to respond to the reasons for the removal.
- c) Following the conference, and whether or not each requested person is in attendance after valid attempts to require the person's attendance, the campus behavior coordinator or other appropriate administrator shall order the placement of the student as provided in § 37.002 or § 37.006 of the Texas Education Code, as applicable, for a period consistent with this Student Code of Conduct.
- d) The decision of the Board's designee is final and may not be appealed
- e) Before a Board's designee places a student in a disciplinary alternative education program for a period that extends beyond the end of the school year, the Board's designee must determine that:
 - i. the student's presence in the regular classroom program or at the student's regular campus presents a danger of physical harm to the student or to another individual; or
 - ii. the student has engaged in serious or persistent misbehavior that violates the district's Student Code of Conduct.
- f) A student placed in a disciplinary alternative education program in another district that enrolls in Bellville ISD before the expiration of the period of placement will continue disciplinary alternative education program placement until the term of placement expires. Bellville ISD may also place a student in a disciplinary alternative education program if
 - i. the student was placed in a disciplinary alternative education program by an open-enrollment charter school under section 12.131 and the charter school provides to the district a copy of the placement order; or
 - ii. the student was placed in a disciplinary alternative education program by a school district in another state and
 - (1) the out-of-state district provides to the district a copy of the placement order; and
 - (2) the grounds for the placement by the out-of-state district are grounds for placement in Bellville ISD.

- g) If a student was placed in a disciplinary alternative education program by a school district in another state for a period that exceeds one year and if that placement is continued, Bellville ISD shall reduce the period of the placement so that the aggregate period does not exceed one year unless, after a review, the district determines that the student is a threat to the safety of other students or to district employees.
- h) A student placed in an alternative education program shall be provided a review of the student's status including a review of the student's academic status by the Board's designee at intervals not to exceed 120 days. In the case of a high school student, the Board's designee, with the student's parent or guardian, shall review the student's progress toward graduation and establish a specific graduation plan for the student. The District is not required to provide in the District's DAEP a course not specified under Texas Education Code § 37.008. At the review, the student or the student's parent or guardian must be given the opportunity to present arguments for the student's return to the regular classroom or campus. To assess a student's academic growth in the District DAEP, the District shall administer to a student placed in a program for a period of 90 school days or longer an assessment instrument approved by the commissioner for that purpose.
- i) The decision of the Board's designee to remove a student to an alternative education program is not appealable. In determining the length of assignment for the student, the principal, or assistant principal may consider the seriousness of the offense, the discipline record of the student, the age of the student, the effect of the misconduct on the school environment, and/or previous assignments of other students for similar misconduct. Discipline assignments will not exceed one calendar year absent a finding that the student is a threat to the safety of other students or to district employees.
- j) For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the placement in the program will continue through graduation, and the student will not be allowed to participate in the graduation ceremony and related graduation activities, unless otherwise specified in the DAEP placement order.
- k) If a student withdraws from the district before an order for placement in a disciplinary alternative education program is entered, the principal or Board, as appropriate, may complete the proceedings and enter an order. If the student subsequently enrolls in the district during the same or subsequent school year, the district may enforce the order at that time, except for any period of the placement that has been served by the student on enrollment in another district that honored the order. If the principal or Board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order. If, during the term of a placement ordered, a student engages in additional conduct for which placement in a disciplinary alternative education program or expulsion is required or permitted, additional proceedings may be conducted regarding that conduct and the principal or Board, as appropriate, may enter an additional order as a result of those proceedings.
- l) Regarding DAEP placements, if the Superintendent or the Superintendent's designee receives notice under Article 15.27(g), Code of Criminal Procedure, i.e. the office of the prosecuting attorney or the office or officer designated by the

juvenile court notifies the District that prosecution of the student's case was referred for lack of prosecutorial merit or insufficient evidence; or the court or jury found the student not guilty or made a finding that the student did not engage in delinquent conduct or conduct indirectly aimed for supervision and the case is dismissed with prejudice; the Superintendent or designee shall review the student's placement in the DAEP. The student may not be returned to the regular classroom pending the review.

- m) The Superintendent or designee shall schedule a review of the student's placement with the student's parent or guardian not later than the third class day after the Superintendent or designee receives notice from the office or official designated by the court. After reviewing the notice and receiving information from the student's parent or guardian, the Superintendent or designee may continue the student's placement in the DAEP if there is reason to believe that the presence of the student in the regular classroom threatens the safety of other students or teachers.
- n) The student or the student's parent or guardian may appeal the Superintendent's decision described above to the Board of Trustees. The student may not be returned to the regular classroom pending the appeal. The Board shall, at the next scheduled Board meeting, review the notice provided under Article 15.27(g) of the Code of Criminal Procedure, and receive information from the student, the student's parent or guardian, and the Superintendent or designee and confirm or reverse the decision described above. If the Board confirms the decision of the Superintendent or designee, the Board shall inform the student and the student's parent or guardian of the right to appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending an appeal to the Commissioner. This appeal process does not apply to placement to the DAEP made in accordance with § 37.006(a), but only to off campus felony removals described above.

2. Placement Review

A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall be given the opportunity to present arguments for the student's return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher's consent.

3. Appeals Procedures for DAEP Assignments

- a) In order to appeal, the student or his/her parent or guardian must notify the campus administrator in writing of the desire to do so within two (2) school days from the date he/she or they were informed of the decision for the placement in a DAEP. If no appeal is taken within two (2) school days, the decision of DAEP placement shall be final.
- b) Any notice of appeal shall contain the student's name, the date of issuance of the decision under appeal, the name of the official whose decision is under appeal, the aspects of the decision which the student wishes to appeal, and the grounds for such

appeal. If the student or parent will be represented in a conference at any level by an attorney, the District must be notified in advance of the conference so that the administration can obtain equal representation. Failure to do so will result in the need to reschedule the conference.

- c) The Board designates the Superintendent or the Superintendent's designee to hear appeals of DAEP assignments.
- d) In the event of an appeal, the campus administrator who received the appeal request shall notify the Superintendent or Superintendent's designee who shall arrange a time for hearing the appeal. The Superintendent or the Superintendent's designee shall notify the parent or guardian of the time and place of the hearing. The hearing shall be held within ten (10) school days of the date of filing the appeal, unless the parent or guardian agrees to an extension.
- e) Pending the appeal, the student shall be assigned to and shall attend the DAEP.
- f) At the hearing of the appeal, the Superintendent or Superintendent's designee shall confer with the campus administration and the student and his/her parent or guardian, review the record, and determine whether the DAEP placement should be sustained or reversed, or if the period of time of the assignment should be modified.
- g) The student's parent or guardian shall be notified in writing within five (5) school days of the date of the appeal hearing of the decision of the Superintendent or the Superintendent's designee.
- h) The decision of the Board's designee to place a student in a disciplinary alternative education program is final and not appealable.

4. Transition Services

In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP or JJAEP. See Policies FOCA (LEGAL) and FODA (LEGAL) for more information.

D. Emergency DAEP Placement and/or Emergency Expulsion

1. Emergency Placement

The principal, campus behavior coordinator, or appropriate administrator may order a student to be immediately placed in an alternative education program if it is reasonably believed that the student's behavior is so unruly, disruptive, or abusive that it interferes with:

- a) A teacher's ability to communicate effectively with students in a class;
- b) The ability of the student's classmates to learn;
- c) The operation of the school or school sponsored activity; or
- d) If the appropriate administrator reasonably believes that eminent harm is likely.

At the time of the emergency placement the student shall be given oral notice of the reasons for emergency placement in a DAEP. The reason must be a reason for which placement in a disciplinary alternative education program may be made on a nonemergency basis.

Within a reasonable time, but not later than the 10th day after the date of the placement, the student will be afforded appropriate due process as outlined in this code. The principal, campus behavior coordinator, or appropriate administrator shall not be liable for civil damages for an emergency placement.

2. Emergency Expulsion

When an emergency expulsion is necessary to protect persons or property from imminent harm, the student shall be given verbal notice of the reason for the action. See Tex. Educ. Code § 37.019. The reason must be a reason for which placement in a disciplinary alternative education program or expulsion may be made on a nonemergency basis. Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

E. Placement and/or Expulsion For Serious Offenses

This section includes two categories of serious offenses for which the Texas Education Code provides unique procedures and specific consequences.

1. Registered Sex Offenders

Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the district must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement will be in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in a DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the Board or its designee determines that the student's presence:

- a) Threatens the safety of other students or teachers;
- b) Will be detrimental to the educational process; or
- c) Is not in the best interests of the district's students.

Review Committee: At the end of the first semester of a student's placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the District shall convene a committee, in accordance with state law, to review the student's placement. The committee will recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the Board or its designee must follow the committee's recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

If a student enrolls in the District during a mandatory placement as a registered sex offender, the District may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

A student or the student's parent may appeal the placement by requesting a conference between the Board or its designee, the student, and the student's parent. The conference is limited to the factual questions of whether the student is required to register as a sex offender. Any decision of the Board or its designee under this section is final and may not be appealed.

2. Certain Felonies

Regardless of whether placement or expulsion is required or permitted by one of the reasons in the Mandatory Removal or Expulsion Offenses, in accordance with the Texas Education Code 37.0081, a student may be expelled and placed in either DAEP or JJAEP if the Board or its designee makes certain findings and the following circumstances exist in relation to aggravated robbery or a felony offense under Title 5 of the Penal Code. The student must:

- a) Have received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
- b) Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
- c) Have been charged with engaging in conduct defined as a Title 5 felony offense;
- d) Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or
- e) Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The District may expel the student and order placement under these circumstances regardless of:

- a) The date on which the student's conduct occurred,
- b) The location at which the conduct occurred;
- c) Whether the conduct occurred while the student was enrolled in the District;
or
- d) Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

The student must first have a hearing before the Board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student's presence in the regular classroom:

- a) Threatens the safety of other students or teachers;
- b) Will be detrimental to the educational process; or

- c) Is not in the best interests of the district's students.

Any decision of the Board or the Board's designee under this section is final and may not be appealed.

The student is subject to the placement until:

- a) The student graduates from high school;
- b) The charges are dismissed or reduced to a misdemeanor offense; or
- c) The student completes the term of the placement or is assigned to another program.

3. Placement Review

A student placed in a DAEP or JJAEP under these circumstances is entitled to a review of his or her status, including academic status, by the campus behavior coordinator or board's designee at intervals not to exceed 120 days. In the case of a high school student, the student's progress toward graduation and the student's graduation plan shall also be reviewed. At the review, the student or the student's parent shall have the opportunity to present arguments for the student's return to the regular classroom or campus.

4. Newly Enrolled Students

A student who enrolls in the District before completing a placement under this section from another school district must complete the term of the placement.

DISCIPLINARY APPEALS

Questions from parents regarding disciplinary measures should be addressed to the teacher or campus administration, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy FNG (LEGAL). A copy of the policy may be obtained from the principal's office, the central administration office, or through Policy On Line at the following address: <https://pol.tasb.org/Home/Index/143>. The District shall not delay a disciplinary consequence while a student or parent pursues a grievance.

Any notice of appeal shall contain the student's name, the date of issuance of the decision under appeal, the name of the official whose decision is under appeal, the aspects of the decision which the student wishes to appeal, and the grounds for such appeal. If the student or parent will be represented in a conference at any level by an attorney, the District must be notified in advance of the conference so that the administration can obtain equal representation. Failure to do so will result in the need to reschedule the conference.

DISRUPTIONS

Discipline and order shall be maintained during school hours and at school events.

No person may willfully or recklessly engage in disruptive activity or disrupt a lawful assembly on the campus or property of any public school. "Disruptive activity" is defined by the Texas Education Code, Section 37.123 as:

1. Obstructing or restraining the passage of a person in an exit, entrance, or hallway of any building without the authorization of the administration of the school.
2. Seizing control of any building or portion of a building for the purpose of interfering with any administrative, educational, research, or other authorized activity.
3. Preventing or attempting to prevent by force or violence or the threat of force or violence any lawful assembly authorized by the school administration so that a person attempting to participate due to the use of force or violence or due to a reasonable fear that force or violence is likely to occur.
4. Disrupting by force or violence or the threat of force or violence a lawful assembly in progress.
5. Obstructing or restraining the passage of any person at an exit or entrance to said campus or property or preventing or attempting to prevent by force or violence or by threats thereof the ingress or egress of any person from said property or campus without the authorization of the administration of the school.

These provisions shall not be construed to infringe upon any rights of free speech or expression guaranteed by the Constitutions of the United States or of this state. Conduct by students either in or out of class which for any reason — whether because of time, place, or manner of behavior — materially disrupts classwork or involves substantial disorder or invasion of the rights of others is prohibited.

A. Disruption of Classes

For purposes of this rule, “school property” shall include the public school campuses or school grounds or buildings used by the District schools for assemblies or other school-related activities, and “public property” includes any street, highway, alley, public park, or sidewalk. No person shall be permitted, on school property or on public property within 500 feet of school property, to intentionally disrupt, alone or in concert with others, the conduct of classes or other school activities. Conduct which disrupts the educational activities of a school includes:

1. Emissions by means of noise of an intensity that prevents or hinders classroom instruction;
2. Enticement or attempted enticement of students away from classes or other school activities that students are required to attend;
3. Prevention or attempted prevention of students from attending classes or other school activities that students are required to attend; and
4. Entrance into a classroom without consent of either the principal or the teacher and either through acts of misconduct and/or use of loud or profane language causing disruption of class activities. (TEC § 37.124)

B. Disruption of Transportation

Any person other than a primary or secondary grade student who intentionally disrupts, prevents, or interferes with the lawful transportation of students to and from school on a vehicle owned or operated by the District or to or from activities sponsored by a school on a vehicle owned and/or operated by the District shall be guilty of a misdemeanor. It is an

exception to the application of the offense that, at the time the person engaged in the prohibited conduct, the person was younger than 12 years of age. (TEC § 37.126)

C. Disruption by False Alarm or Terroristic Threat

A person commits an offense if the person engages in conduct involving a public school that contains the elements of the offense of false alarm or report under Section 42.06, Penal Code, or terroristic threat under Section 22.07, Penal Code.

1. An offense under Section 42.06 of the Penal Code is a state jail felony.
2. An offense under Section 22.07 of the Penal code may range from a Class B misdemeanor to a third degree felony, depending on the conduct.

D. Disruption by Exhibition of Firearms

A person commits an offense if the person intentionally exhibits, uses, or threatens to exhibit or use a firearm in a manner intended to cause alarm or personal injury to another person, or to damage school property, including a parking lot, parking garage, or parking area owned by a school or portion of a campus or of a school bus being used to transport children to or from school sponsored activities of a private or public school. (TEC § 37.125)

1. An offense under this section is a third degree felony.

DRESS AND GROOMING

Acceptable dress and grooming at school, or while representing the school, shall be neat, clean, and appropriate for the school situation. Student's dress and grooming that create a hazard to the student's safety and/or safety of others will not be allowed. All students are expected to dress in a manner that is appropriate for the age of the child and for the activities in which he/she participates.

Appropriate dress and grooming shall let students be free from distraction of other students and/or the learning process. Since it is impractical to list every possibility of dress and grooming, the principal or assistant principal shall determine appropriateness of dress. Final decision relating to appropriate dress will reflect concern for health and safety of students and the influence of specific dress or grooming on the overall educational climate of the school.

Clarification regarding apparel should be obtained from the principal or assistant principal prior to wearing it to school. Campus administrators are authorized to determine the suitability of student attire and grooming.

The guidelines are reviewed periodically to ensure they continue to reflect community expectations while permitting individual choices and recognizing acceptable current fashions. However, extreme styles shall be recognized as being inappropriate for school wear.

These regulations are applicable to the conduct of students while in attendance at school, while on school property, or at school-sponsored activities. These regulations also apply to student behavior at other times that impairs, interferes with, or obstructs the missions, processes, or functions of the district.

A. District-Wide Dress Code Policies:

1. Standards For Attire

- a) Appropriate undergarments will be worn at all times. (Shorts are to be worn under skirts and dresses at the elementary level.)
- b) students back, chest, backside, stomach, and top of shoulders must be covered.

- g) Due to the slippery nature of outdoor walkways and recess activities, flip flops and athletic slides are discouraged at the elementary level.
- h) Pants/shorts/skirts with holes, are not permitted on all campuses. Administrators will use their discretion on holes caused by wear at the elementary level.

NOTE: Pants/shorts/skirts with holes, frays, and/or distressed are not permitted when students are representing BISD off school grounds, on field trips, at competitions, and/or as otherwise specified by leaders of school classes, events, and activities.

- i) Clothing that depicts or references alcohol, drugs, tobacco or any other substance prohibited under policy FNCF (LEGAL), weapons, nudity, gang affiliation, death, suicide, violence, vulgar or obscene language or images, and/or insults to race, religion, gender, or ethnicity, or other emblems or writing that may be expected to cause a material or substantial disruption of, or interference with, normal school operations is prohibited.

Any dress or grooming prohibited by this code or that, in the principal's judgment, may reasonably be expected to interfere with normal school operations are not allowed.

If the principal determines that a student's clothing or grooming violates the District's dress code, the student shall be given an opportunity to correct the problem at school or in some cases the parent may be given the option to correct the problem. If the problem is not corrected, the student shall be assigned to in-school-suspension for the remainder of the day or until the problem is corrected. Repeated offenses will result in more serious disciplinary action. An exception will be made for students who, as a matter of their sincerely held religious belief, wear religious head wear or clothing, including but not limited to the Sikh dastar (turban), the Muslim hijab (head scarf), or the Jewish yarmulke (skull cap).

If the principal or assistant principal, in cooperation with the sponsor, coach, or other person in charge of any extracurricular activity, may regulate the dress and grooming of students who participate in the activity. Students who violate these standards may be removed or excluded from the activity for a period determined by the principal or sponsor and may be subject to other disciplinary action.

DRUG/ALCOHOL USE

No student shall possess, use, transmit, or attempt to possess, use, or transmit, sale or attempt to sale, or be under the influence of any of the following substances, without regard to amount, on school premises during any school term on or off school premises at a school related activity, function, or event:

1. Any controlled substance or dangerous drug as defined by the Texas Health and Safety Code, Section 481.002, without regard to amount, including but not limited to marijuana, any narcotic, drug, hallucinogen, stimulant, depressant, amphetamine, or barbiturate. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision.
2. Alcohol or any alcoholic beverage.
3. Any abusable volatile chemical listed under sections 485.031 through 485.034 of the Texas Health and Safety Code
4. Any other intoxicant, or mood changing, mind altering, or behavior altering drug.
5. Drug paraphernalia as defined in Texas' Health and Safety Code, Section 481.002.

A student who appropriately uses a drug authorized by a licensed physician through a prescription specifically for that student's use shall not be considered to have violated this policy. Students who use prescription drugs on school property shall give the prescription medication, in the original container and properly labeled, to the school nurse when they arrive at school with a written request to administer the medication from the parent, legal guardian, or other person having legal control of the student.

Students who violate this policy shall be subject to disciplinary action and criminal prosecution.

Cars, lockers, common areas and classrooms may be searched for alcohol and drugs in accordance with Board Policy.

District personnel may administer a "breathalyzer test" in accordance with District's Student Code of Conduct and Drug and Alcohol Abuse Prevention Policy upon request by authorized school personnel, which is based on reasonable cause to believe that a student has violated this section.

Refusal to submit to a breathalyzer test that is requested based on reasonable cause is an offense punishable to the same degree as prohibited alcohol use.

EJECTION OR EXCLUSION FROM SCHOOL PROPERTY

Pursuant to Texas Education Code § 37.105, a school administrator or peace officer shall have authority to refuse entry or eject a person from District property if the person refuses to leave peaceably upon request and either:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner inappropriate for the school setting, an administrator or officer issues the individual a verbal warning, and the individual persists in the behavior.

At the time an individual is ejected or excluded, the school administrator or peace officer will provide the individual a written explanation of the appeal process. Ejection or exclusion may not last more than two years, and if the individual is a parent, the district must accommodate the parent to ensure parental participation in an ARD or 504 committee meeting.

The school administrator or peace officer shall maintain a written log of all verbal warnings issued to include the individual's name, the date, and a brief description of the inappropriate behavior.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG (LOCAL) or GF (LOCAL), as appropriate. However, the timelines for the district's grievance procedures shall be adjusted as necessary to permit the person to address the board in person within 90 days, unless the complaint is resolved before a board hearing.

EXPULSION

A. Length of expulsion

1. The length of the expulsion shall be based on the seriousness of the offense, the discipline record of the student, the age and grade level of the student, the student's attitude, the effect of the misconduct on the school environment, and all applicable

statutory requirements. The duration of a student's expulsion shall be determined on a case-by-case basis.

2. Discipline assignments will not exceed one calendar year, unless, after review, the District determines that the student is a threat to the safety of other students or to District employees, or extended expulsion is in the best interest of the student.
3. If a student is expelled for bringing a firearm, as defined by 18 U.S.C. § 921, the student must be expelled for a period of at least one year. However, the superintendent or other appropriate administrator may modify the length of the expulsion on a case-by-case basis. A student under age 10 shall be expelled for a federal firearm violation, but will be provided educational services in an Alternative Education Program.
4. A student who, before the date on which a juvenile justice alternative education program for the county in which the student resides begins operation, engages in conduct requiring mandatory expulsion shall be expelled for a period not to exceed one year.

B. Newly Enrolled Students

1. The District shall decide on a case-by-case basis the placement of a newly enrolled student in Bellville Independent School District who has been expelled from another school district or open-enrollment charter school.
2. The expulsion of a student who was expelled by a school district in another state will be continued if:
 - b) the out-of-state district provides to the district a copy of the expulsion order; and
 - c) the grounds for the expulsion are also grounds for expulsion in Bellville ISD.
 - d) If a student was expelled by a school district in another state for a period that exceeds one year, Bellville ISD shall reduce the period of the expulsion or placement so that the aggregate period does not exceed one year, unless, after a review, the district determines that:
 - i. the student is a threat to the safety of other students or to district employees; or
 - ii. extended placement is in the best interest of the student.
3. If the student enrolls in another school district before the expiration of the period of expulsion, a copy of the expulsion order shall be provided to that district at the same time other student records are provided.

C. Withdrawal During Process

If a student withdraws from the district before an order for expulsion is entered, the principal or Board, as appropriate, may complete the proceedings and enter an order. If the student then re-enrolls in the district during the same or subsequent school year, the district may enforce the order at that time, except for any period of the expulsion that has been served by the student on enrollment in another district that honored the order. If the principal or Board fails to enter an order after the student withdraws, the next district in which the student enrolls may complete the proceedings and enter an order.

D. Additional Misconduct

If, during the term of expulsion ordered, a student engages in additional conduct for which expulsion is required or permitted, additional proceedings may be conducted regarding that

conduct and the principal or Board, as appropriate, may enter an additional order as a result of those proceedings.

E. Restrictions During Expulsion

Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion. No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another district-approved program.

F. Procedures for Expulsion Hearing

1. The student may only be expelled by written order setting the term of expulsion.
2. Before the expulsion, the Board's designee must provide the student a full and fair hearing at which the student is afforded due process which shall include the following:
 - a) prior notice of the charges and the proposed sanctions as to afford a reasonable opportunity for preparation;
 - b) right to representation by the student's parent or another adult who can provide guidance to the student and who is not an employee of the district,
 - c) opportunity to testify and present evidence and witness(es) in his or her defense;
 - d) opportunity to examine the evidence presented by the school administration and to question the administration's witness.
3. The Board designates the campus principal, campus behavior coordinator or other appropriate administrator to conduct the expulsion hearing. The individual designated by the Board shall issue a written expulsion decision within three (3) school days following the hearing.
4. The student's parent shall be invited in writing to attend the hearing. After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student's parent attends.
5. Until a hearing can be held, the campus behavior coordinator or other administrator may place the student in:
 - Another appropriate classroom.
 - In-school suspension.
 - Out-of-school suspension.
 - DAEP.
6. Before ordering the expulsion, the principal, campus behavior coordinator, or other appropriate administrator shall take into consideration self-defense (see glossary), intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, a disability that substantially impairs the student's capability to appreciate the wrongfulness of the student's conduct, a student's status in the conservatorship of the Department of Family and Protective Services (foster care), or a student's status as homeless.
7. Not later than the third school day after the hearing, the principal, campus behavior coordinator, or other appropriate administrator shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

8. If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order shall give notice of the inconsistency.
9. If the decision to expel a student is made by the Board's designee, the decision may be appealed through the district's appeals process to the Board.

G. Board Review of Expulsion

1. After the due process hearing, the expelled student or his/her parent or guardian may request that the Board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven (7) school days after receipt of the written decision.
2. Any notice of appeal shall contain the student's name, the date of issuance of the decision under appeal, the name of the official whose decision is under appeal, the aspects of the decision which the student wishes to appeal, and the grounds for such appeal.
3. The Superintendent or superintendent's designee must provide the student or parent written notice of the date, time, and location of the meeting at which the Board will review the decision. The hearing shall be held within ten (10) school days of the date of filing the appeal, unless the parent or guardian agrees to an extension.
4. The Board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the Board's designee.
5. The Board shall hear statements made by the parties at the review and shall base its decision on evidence reflected in the record and any statements made by the parties at the review. The Board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.
6. Pending the Superintendent or Superintendent Designee appeal, the student shall be assigned to and shall attend the DAEP.
7. Parental questions or complaints regarding ancillary issues related to disciplinary measures should be addressed informally with the teacher or campus administration, as appropriate or in accordance with Board Policy FNG (LOCAL). This process, however, may not be used to overturn a disciplinary assignment.

EXTRACURRICULAR ACTIVITIES, CLUBS, AND ORGANIZATIONS

Student clubs and performing groups such as, but not limited to, band, choir, cheerleading, and drill and athletic teams may establish standards of behavior – including consequences for misbehavior – that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization(s). All standards of behavior and any related consequences established or specified by the applicable organization(s) are adopted and incorporated herein.

GANG-FREE SCHOOL ZONE

Bellville ISD is a Gang-Free School Zone, under Penal Code section 71.028. This section establishes Gang-Free School Zones and provided for enhanced punishment for gang-related

criminal activity occurring in, on, or within 1,000 feet of any real property that is owned, rented, or leased by a school or school board. Under the act punishment for certain offenses is increased to the punishment prescribed for the next highest category of offense if the actor is 17 years of age or older and it is shown beyond a reasonable doubt on the trial of the offense that the actor committed the offense at a location that was owned, rented, or leased by a school or school board.

INVESTIGATIVE PROCESS

When an office discipline referral form is submitted, the administrator follows an investigative process. This process includes the following steps:

1. The student will have the opportunity to provide a written or dictated statement on the appropriate incident report.
2. If there is a discrepancy between the discipline office referral form and the student's incident report or for other investigative purposes, witness statements are collected from those who observed the incident and agree to provide information about what they observed.
3. Administrators collect and review pertinent student information such as special education/504 status and discipline history.
4. Administrators shall take into consideration whether any of the following mitigating factors were involved in the incident:
 - a) Self-defense (see glossary),
 - b) Intent or lack of intent at the time the student engaged in the conduct,
 - c) The student's disciplinary history,
 - d) A disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct.
 - e) A student's status in the conservatorship of the Department of Family and Protective Services (foster care), or
 - f) A student's status as homeless.
5. Administrators consider police involvement and/or information furnished under Article 15.27, Code of Criminal Procedure, if criminal activity was involved.
6. A decision regarding consequences is then determined pursuant to *Student Code of Conduct*.
7. Administrators notify the parent and other pertinent individuals following the investigation; however, behavior of other students involved in an incident cannot be shared due to the Family Educational Rights and Privacy Act (FERPA).

Within 24 hours of concluding the investigation and rendering a decision, all documentation relating to the student's discipline referral will be entered into the school data systems.

MOTOR VEHICLE PRIVILEGES

Students who drive motor vehicles to school are required to park on school property. Students who drive vehicles to school must purchase and display a current parking decal. Students who are parked improperly, illegally, and/or do not display the proper identification are subject to disciplinary action. Vehicles parked improperly or illegally on school property may be towed at

owner's expense. Vehicles parked off school property may be towed at the property owner's discretion.

Student drivers are expected to operate vehicles in a safe manner at all times and not in any way to make themselves noticed by the way they drive except by courteous and responsible behavior.

A student has full responsibility for the security of his/her vehicle and should make certain that it is locked and that the keys are not given to others. Schools are not responsible for vandalism to or burglary of items contained in motor vehicles parked on school property.

NONDISCRIMINATION UNDER TITLES II (ADA), VI, AND IX AND 504

NOTIFICATION

There is no legal right on the part of a parent to be notified or to be present when students are in conversation with or being questioned by school officials concerning school-related behaviors or concerns. Unless under arrest, students are not legally entitled to be read their rights ("Miranda Warnings") when being questioned by school officials concerning school-related behaviors or concerns.

The appropriate administrator/campus behavior coordinator shall promptly notify a student's parent by phone or in writing person of any violation that may result in a detention outside of regular school hours, in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The designated administrator/campus behavior coordinator shall also notify a student's parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student's parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the administrator/campus behavior coordinator shall send written notification by U.S. Mail. If the administrator/campus

behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice. Notification will be made within three school days after the administrator becomes aware of the violation. Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student's parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

Questioning of Students by Outside Authorities: When law enforcement officers or other lawful authorities such as CPS wish to question or interview a student at school, the principal or designee will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

1. The principal shall verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school;
2. **The principal ordinarily shall make reasonable efforts to notify the student's parents or other person having lawful control of the student. If the interviewer raises what the principal considers to be a valid objection to the notification, parents will not be notified. Failure or inability to notify the parents or other persons having lawful control of the student will not ordinarily prevent or delay questioning by law enforcement officials;**
3. The principal or a designee ordinarily shall be present during the questioning or interview. If the interviewer raises what the principal considers to be a valid objection to a third party's presence, the interview shall be conducted without that person's presence; such as in a case including a criminal investigation;
4. It is the police officer's responsibility to inform the student of his/her rights (Miranda Warning) when required by law. Once a police officer begins questioning a student, all responsibility for such questioning rests with the police officer.

Bellville ISD will not impede the questioning of a student by a law enforcement officer who has a subpoena, court order, warrant, or directive to apprehend, or who is willing to take the child into custody and remove the child from campus for investigation regarding a non-school-related matter under Texas Family Code 52.01. In case of removal from the campus, the law enforcement officer will be requested to follow campus procedures for checking the student out of school. However, absent one of these provisions, school personnel will request that, prior to allowing an interview for non-school-related matters, parental permission must be obtained.

OFFENSES AND CONSEQUENCES

Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative practices. Discipline shall be based on the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements.

In deciding whether to order suspension, removal to a DAEP or expulsion--regardless of whether the decision concerns a mandatory or discretionary action under the Texas Education Code--the District will take into consideration:

1. self-defense;
2. intent or lack of intent at the time the student engaged in the conduct;
3. the student's disciplinary history;
4. a disability that substantially impairs the student's capacity to appreciate the wrongfulness of the student's conduct;
5. A student's status in the conservatorship of the Department of Family and Protective Services (foster care); or
6. A student's status as homeless.

If appropriate, the District shall also consider the student's age, attitude, the seriousness of the offense, and the potential effect of the misconduct on the school environment. These disciplinary actions apply equally to all students, except as provided under Board Policy and legal requirements related to students with disabilities.

In considering self-defense, self-defense may be considered as a mitigating circumstance only when the student has a reasonable belief that the student's response is immediately necessary to protect himself/herself against the other's use or attempted use of improper force that could result in serious bodily injury. Reasonable belief in the school setting means a belief that would be held by the campus behavior coordinator or other appropriate administrator in the same circumstances as the actor. Each student is responsible for making every effort to avoid the use of any force and is expected to remove himself or herself from the situation if at all possible. The District does not condone or authorize students to use force against another individual, even if that individual provokes or instigates a fight or altercation.

A student's parent or guardian will be notified in writing of a violation of the student code of conduct committed by the student that results in suspension, removal to a disciplinary alternative education program, or expulsion.

This section of the Discipline Management Plan provides a description of a wide range of behaviors considered to be misconduct. The behaviors described here are representative of the misconduct which most frequently causes disruption of the education process. The list does not include all types of misconduct included in Board Policy and Administrative Procedures. The student who commits an act of misconduct which is not listed will be subject to the disciplinary authority of the campus staff.

PURPOSE

The Student Code of Conduct ("Code") is the district's response to the requirements of Chapter 37 of the Texas Education Code.

The Code provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems.

The law requires the district to define misconduct that may – or must – result in a range of specific disciplinary consequences including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), placement in a juvenile justice alternative education program (JJAEP), or expulsion from school.

Students are expected to follow the rules and regulations established by the school district, the school, and the classroom teacher. Students are expected to conduct themselves in a manner that is neither disruptive nor disrespectful and which does not violate the rights of others. This means that the student should become familiar with and observe the laws, policies, rules, and regulations that concern student conduct. In general, the student is expected to behave in a manner that permits uninterrupted learning to take place. Students are expected to cooperate with and assist the school staff in maintaining safety, order, and discipline.

Because the Student Code of Conduct is adopted by the District's Board of Trustees, it has the force of policy; therefore, in case of conflict between the Code and the Student Handbook, the Code will prevail. This Code remains in effect for the entire 2019-2020 school year, during summer school and at all school-related events and activities outside of the school year until an updated version adopted by the Board becomes effective for the next school year. A copy of this Code is available at each campus and the District's Web site: <http://www.bellvilleisd.org>.

Please Note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

REPORTING PROHIBITED CONDUCT

Any student who believes that he or she has experienced prohibited conduct or believes that another student has experienced prohibited conduct should immediately report the alleged acts to a teacher, school counselor, principal, or the District's Title IX coordinator for students. [See Policy FFH (LOCAL); TEC Sec. 37.083.] After a report of bullying is made, the principal, principal's designee, or Title IX coordinator must provide notice to (1) the parent of the alleged victim by the 3rd business day after the incident is reported; and (2) the alleged bully with a reasonable time. [See Policy FFI (LOCAL).] Reports of bullying may be submitted anonymously, verbally, and/or in writing. However, the principal or designated administrator shall document the allegations in writing and record the dates and circumstance of the interview.

The District does not have jurisdiction over other situations occurring in the community even though an incident may involve students (including technology-related communications – such as emails, texting, Facebook or other social media, messages, etc. – containing threats, bullying, and/or harassment) unless there is a direct impact to the school setting. District personnel may, however, conference with students regarding inappropriate behavior and effective ways to resolve conflict.

After a report of prohibited conduct is made, a conference will be scheduled and held as soon as possible within seven days of the request. The principal, principal's designee, or Title IX coordinator that investigates the complaint will complete the investigation of the complaint within ten school days. The student or parent will be informed if extenuating circumstances delay completion of the investigation. The student will not be required to present a complaint to a person who is the subject of the complaint. See Policy FFI (LOCAL).

To the greatest extent possible, the District shall respect the privacy of the complainant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary in order to conduct a thorough investigation.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. However, the Family Education Rights and Privacy Act (FERPA) prohibits the District from disclosing to anyone other than the student's parent or guardian what disciplinary actions, if any, have been taken against the student who engaged in bullying.

If upon completion of the investigation the principal or designated administrator determines that the alleged incident does not rise to the level of bullying, the District will proceed in accordance with the Student Code of Conduct in deciding what, if any, discipline should be assessed other documented prohibited conduct. A parent or adult student (a student over 18 years old) who is dissatisfied with the outcome of the investigation may appeal through Board Policy FNG (LOCAL), beginning at the appropriate level.

RESPECT FOR PERSONS AND PROPERTY

Students shall not vandalize or otherwise damage, deface, or remove any property, including furniture and other equipment, belonging to or used by the district, district schools, or district employees or volunteers. Parents or guardians of students guilty of damaging such property shall be notified of the damage and shall be liable for damages in accordance with the law. Students shall be responsible for the care and return of owned and district owned textbooks and other materials/equipment and may be charged for the replacement of lost/damaged items.

SECRET SOCIETIES

Policy FNCC (LEGAL)

A student is prohibited from being a member of, pledging to become a member of, joining, or soliciting another person to join or pledge to become a member of a public school fraternity, sorority, secret society, or gang. An offense under this section is a Class C misdemeanor.

A person commits a felony if the person, with intent to coerce, induce, or solicit a child to actively participate in the activities of a criminal street gang, threatens the child with imminent bodily injury or causes the child bodily injury. *Penal Code 71.022.*

Definition: Public school fraternity, sorority, secret society, or gang means an organization composed wholly or in part of students of public primary or secondary schools that seeks to perpetuate itself by taking in additional members from the students enrolled in the school on the basis of the decision of its membership rather than on the free choice of a student in the school who is qualified by the rules of the school to fill the special aims of the organization. TEC Sec. 37.121. **Criminal street gang** is defined as three or more persons having a common identifying sign or symbol or an identifiable leadership who continuously or regularly associate in the commission of criminal activities. The term does not include an agency for public welfare, including Boy Scouts, Girl Scouts, scholarship societies, or other similar educational organizations sponsored by state or national education authorities.

SECURITY PERSONNEL

To ensure sufficient security and protection of students, staff, and property, the Board employs school resource officers (SROs). In accordance with law, the Board has coordinated with the campus behavior coordinator and other district employees to ensure appropriate law enforcement duties are assigned to security staff. The law enforcement duties of District SROs are listed in policy CKE (LOCAL). The law enforcement duties of school resource officers are:

1. Patrol school district buildings and property.
2. Provide security at specified District events.
3. Investigate criminal incidents occurring on school district property.

4. Respond to all calls from campuses concerning crisis situations, accidents, and reports of crime. An SRO may not issue a citation to a child who is alleged to have committed a school offense. (See glossary.)
5. Network with area law enforcement agencies.
6. Support administrators and staff in creating and maintaining a safe learning environment.
7. Develop positive relationships with students, staff, parents, and the community.
8. Present crime prevention programs to students, staff, parents, and community.

SEXUAL ASSAULT AND CAMPUS ASSIGNMENTS

If a student has been convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim or the victim's parents request that the Board transfer the offending student to another campus, the offending student shall be transferred to another campus in the District. If there is no other campus in the District serving the grade level of the offending student, the offending student will be transferred to a DAEP.

SUSPENSION OF STUDENTS

Except as provided by Texas Education Code § 37.005(c), the Board's designee may suspend a student who engages in misconduct as outlined in this Code.

A suspension may not exceed three school days per behavior violation; however, there is no limit on the number of suspensions an individual student may receive.

Students below grade three or a student who is homeless may only be suspended under the following limited circumstances described in TEC § 37.005(c):

1. conduct that contains the elements of an offense related to weapons under Section 46.02 or 46.05, Penal Code;
2. conduct that contains the elements of a violent offense under Section 22.01, 22.011, 22.02, or 22.021, Penal Code; or
3. selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana or a controlled substance, as defined by Chapter 481, Health and Safety Code, or by 21 U.S.C. Section 801 et seq.

Before being suspended, a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall advise the student of the alleged misconduct. The student shall be given the opportunity to respond to the allegation before the administrator makes a decision.

In deciding whether to order out-of-school suspension, the principal, campus behavior coordinator, or other appropriate administrator shall take into consideration self-defense (see glossary), intent or lack of intent at the time the student engaged in the conduct, the student's disciplinary history, a disability that substantially impairs the student's capability to appreciate the wrongfulness of the student's conduct, a student's status in the conservatorship of the Department of Family and Protective Services (foster care), or a student's status as homeless. When a student is assigned Out-

of-School Suspension (OSS), the student is not permitted on school district property and restricted from participation in school-sponsored or school-related extracurricular or co-curricular activities.

Upon return to school, the student shall request his or her missing assignments from each teacher. Work completed and returned within the time designated by the teacher, with the time allowed not to exceed one day for each day of suspension, will be accepted with a maximum grade of 80. The student will be counted present toward meeting the 90% attendance rule.

The decision of the Board's designee to suspend a student is final and not appealable. However, notice of the reason(s) for suspension and an informal opportunity for the student to give his or her side of the story is required.

A. Coursework During Suspension

The district shall ensure a student receives access to coursework for foundation curriculum courses while the student is placed in in-school or out-of-school suspension, including at least one method of receiving this coursework that doesn't require the use of the internet.

A student removed from the regular classroom to in-school suspension or another setting, other than the DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district

B. Appeal Procedures for Campus-Level Discipline

As outlined in this Code of Conduct, an appropriate school administrator may assign campus-level discipline to a student who violates the Student Code of Conduct. Campus-level discipline includes, but is not limited to, any and all discipline management techniques described in the Class C and Class D offense consequences sections of this Code. The Board designates the campus principal, campus behavior coordinator or other appropriate campus-level administrator to hear any appeal regarding campus-level discipline. The decision of the campus-level administrator who hears the appeal is final and not appealable.

Parental questions or complaints regarding ancillary issues related to disciplinary measures should be addressed informally with the teacher or campus administration, as appropriate or in accordance with Board Policy FNG (LOCAL). This process, however, may not be used to overturn a disciplinary assignment.

TEACHER REMOVAL OF STUDENTS FROM CLASS

A teacher may send a student to the campus behavior coordinator's office to maintain effective discipline in the classroom. The campus behavior coordinator shall respond by employing appropriate discipline management techniques consistent with the Student Code of Conduct.

A teacher may also initiate a formal removal from class if:

1. The student's behavior has been documented by the teacher as repeatedly interfering with the teacher's ability to teach his or her class or with the student's classmates' ability to learn; or
2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach and the students in the class cannot learn.

A teacher shall remove from class and send to the principal for placement in an alternative education program or for expulsion, as appropriate, a student who engages in conduct described under Section 37.006 or 37.007, of the Texas Education Code.

If a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher's class without the teacher's consent. The teacher may not be coerced to consent.

Within three (3) school days of the formal removal, the campus administrator shall schedule a conference with the student's parent, the student, the teacher who removed the student from class, and any other appropriate administrator. At the conference, the appropriate campus administrator shall inform the student of the alleged misconduct and the proposed consequences. The student shall have an opportunity to respond to the allegations.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus administrator may place the student in:

1. Another appropriate classroom.
2. In-school suspension.
3. Out-of-school suspension.
4. DAEP.

THREAT ASSESSMENT AND SAFE AND SUPPORTIVE SCHOOL TEAM

The campus behavior coordinator or other appropriate administrator will work closely with the campus threat assessment safe and supportive school team to implement the district's threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.

TOBACCO USE

All Bellville ISD property shall be smoke free.

Students shall not possess or use e-cigarettes or tobacco products, including but not limited to cigarettes, vape pens/devices, cigars, pipes, snuff, dip, or chewing tobacco, on school premises or at school related functions. TEC § 38.006, 20 U.S.C. 6083 and 7183.

A student in possession of an e-cigarette or vapor pen/device that the administrator has reasonable suspicion of it containing an illegal drug or nicotine will be issued consequences based on the administrator's reasonable suspicion. Reasonable suspicion in this context will be based on all

available information, including student statements, physical symptoms displayed by the student, and/or the student's discipline history.

TRANSFER OPTIONS

In addition to the penalties and consequences set forth in this *Student Code of Conduct*, pursuant to state law, on the request of a parent or other person with authority to act on behalf of a student who is a victim of bullying/sexual harassment/dating violence, a student who is a victim of such conduct as determined by the Board of Trustees or designee, may receive a transfer to another classroom at the campus which the victim was assigned at the time of the bullying/sexual harassment/dating violence occurred; or a campus in the school district other than the campus to which the victim was assigned at the time of the bullying/sexual harassment/dating violence occurred.

The Board of Trustees or the Board's designee shall verify that a student has been a victim of bullying/sexual harassment/dating violence before transferring the student under this section. Past student behavior may be considered when identifying bullying/sexual harassment/dating violence. The determination by the Board of Trustees or the Board's designee is final and may not be appealed. The district is not required to provide transportation to a student who transfers to another campus. There are no hearings or appeals for a transfer due to bullying/sexual harassment/dating violence behavior.

The Board may transfer the student who engaged in bullying to:

1. another classroom at the campus to which the victim was assigned at the time the bullying occurred; or
2. a campus in the district other than the campus to which the victim was assigned at the time the bullying occurred, in consultation with a parent or other person with authority to act on behalf of the student who engaged in bullying.

The transfer of a student with a disability who receives special education services and who engaged in bullying may be made only by a duly constituted ARD committee under TEC 37.004.

TRANSPORTATION: POLICIES AND GUIDELINES

A bus driver may refer a student to the principal's office or the campus behavior coordinator's office to maintain effective discipline on the bus. The principal/campus behavior coordinator must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student's bus riding privileges.

Since the district's primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his or her attention distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal or the campus behavior coordinator may restrict or revoke a student's transportation privileges, in accordance with law.

In addition to the rules for good conduct expected of each student at school, each student is also expected to:

1. Remain ten (10) feet from the bus loading location.
2. Wait quietly until the bus has stopped and the bus door has opened before entering the bus.
3. Refrain from hanging onto the bus before boarding or after leaving the bus
4. Board the bus with objects limited to the size that can be transported on the lap.
5. Refrain from bringing animals and/or glass containers on the bus.
6. Bus driver is authorized to assign seats. Sit in seat assigned by bus driver.

6. After exiting the bus, stand on the side of the road, at least ten (10) feet in front of the bus and wait until the driver signals before crossing the street.

Bus rules are posted in all of our buses. Failure to follow bus rules and bus stop guidelines will result in a bus discipline referral being completed describing the student's behavior. This referral will be forwarded to the campus administrator for further action. A copy will be maintained on file with the transportation department.

The steps taken to discipline a student are as follows:

1. Minor offenses such as being too loud or moving about more than the driver considers safe will result in a verbal reminder warning issued by the bus driver
2. Continued disrespect for the bus rules, as referenced in the Student Transportation Rules and Policies, will result in a written referral to the student's campus administrator
3. Major offenses such as fighting, serious insubordination / disrespect or endangerment will result in immediate referral to the student's campus administrator. In the case of misconduct that endangers the safety of other passengers or the driver, the driver has the authority to call for law enforcement assistance and will notify the principal and the transportation director as soon as possible.

B. Referrals to the Campus Administrator

First Offense: Warning; Student conference and parent notification

Second Offense: Parent/Student conference with campus administrator; student subject to 3-5 school days suspension of bus privileges

Third Offense: Student subject to up to ten (10) school days suspension of bus privileges

Fourth Offense: Student subject to suspension of bus privileges for remainder of semester, remainder of the school year or possibly permanent removal.

Under certain circumstances, the first offense may result in immediate removal from the bus. Examples of such behavior may include but are not limited to: fighting, profanity, destruction of property, and endangerment.

Disciplinary sanctions and changes in transportation for a student with a disability will be made in accordance with the student's Individual Education Plan (IEP) or other individually designed program.
