16. Adjournment
Board Vice-Chair Pam Daly called the meeting to order at 1:00 p.m. Present: Keith White, Pam Daly, Jennifer James-Wilson, and Nathanael O’Hara. Also present were Superintendent Engle, and Mitch Everton, consultant.

Superintendent Engle introduced Mr. Everton and explained the goals of the meeting today are to discuss board governance during the coming school year and create a working model around the board strategic goal areas.

Superintendent Engle showed a video regarding the Maritime Discovery Schools program, which when finalized, will be posted on the District website, and some social media, and will be shown as a short feature at the next Port Townsend Film Festival. Discussion followed.

Mr. Everton explained that he works with school districts statewide on strategic planning. Goals and outcomes for this meeting were discussed. Mr. Everton introduced the Modified Carver Board Governance Policy, which several other districts in the State are using. He proposed that the Board has four major roles: 1) Superintendent hiring, support and oversight; 2) setting policy; 3) annual budget review and approval; 4) advocating for students and their families. Discussion followed.

Superintendent Engle spoke about 2013-2017 Strategic Goals for the District, which will be discussed further at the August 17, 2015 board retreat. The following items were discussed:

- Board meeting procedures
- Board members meeting individually with the superintendent during the month
- Interacting with staff, community or students as a board member in an ethical way.
- Board self-assessment process
- Measuring student achievement after high school

Mr. Everton concluded at 2:57 p.m. and left the meeting. A recess was called at 2:58 p.m. The meeting was reconvened at 3:15 p.m.

The board discussed how the process suggested by Mr. Everton might be instituted in Port Townsend District, and which pieces may not work in this district. Dr. Engle suggested asking representatives from another district that has implemented this plan to come and present to the Board. Refining the Mission Statement was discussed. Dr. Engle suggested making administrative leadership succession a topic of discussion through next year. He reminded the board there will be two new principals for the 2015-16 school year. The proposed bond in 2016, the repurposing of the Lincoln Building, and fiscal ending funding balance were discussed.

Adjournment
The meeting was adjourned by consensus at 4:00 p.m.

Respectfully submitted,

David Engle, Secretary

ATTEST: Pam Daly, Board Vice-Chair
Board Vice-Chair Pam Daly called the hearing to order at 5:00 p.m. PRESENT: Pam Daly, Nathanael O’Hara, Jennifer James-Wilson, and Keith White. Also present were Superintendent Engle and staff.

Keith White led the Pledge of Allegiance

Proposed 2015-16 Budget
Business Manager Amy Khile said a Draft Local Budget Summary is available for public viewing at the District Office and is also posted on the website. She explained that the 2015-16 budget projects an annual average full-time equivalency (AAFTE) of 1,163 for the district. Ms. Khile explained the following:

- Revenue and expenditure projections and how those figures are calculated
- Slight increases to Employer Retirement contributions
- Grant Street will receive state funding for all-day kindergarten
- MSOC (Materials, supplies, and operation costs) increase from $848.04 to $1210.05 per student FTE (full-time equivalency)
- Minimal increase to CTE (Career Technical Education) MSOC
- 3% COLA (cost of living allowance) for all employees
- Small increase in ALE (alternative learning experience) and Running Start funding
- Total proposed budget for 2015-16 would be $14,772,964, an increase of $853,244 from 2014-15, due to the increase in State funding
- Proposed budget for debt service, capital projects, ASB (Associated Student Body), and transportation funds

The closure of the Frontier House program and changes in staffing for the 2015-16 school year were discussed.

Adjournment
The budget hearing was adjourned at 5:57 p.m. by consensus.

Respectfully submitted,

Pam Daly, Board Vice-Chair
Board Vice-Chair Pam Daly called the meeting to order at 6:00 p.m.

PRESENT:  Pam Daly, Jennifer James-Wilson, Keith White, and Nathanael O’Hara.  Also present were Superintendent Engle, staff, and community members.

Keith White led the Pledge of Allegiance

Recognition
Board
Jennifer James-Wilson observed how nice the grounds on this campus look, due to the hard work of Che Taylor, new groundskeeper. Keith White mentioned the recent resurfacing of the high school gym floor. Nathanael O’Hara noted the summer programs at Grant Street Elementary offered by the YMCA. Pam Daly recognized the quality of the MDS (Maritime Discovery Schools) short video that was presented at the board retreat. Dr. Engle thanked Ms. Khile for her work on the 2015-16 budget in the midst of much uncertainty from the State legislative sessions.

Public Comments – None

Approval of Minutes
June 22, 2015 Regular Board Meeting.  As no corrections or additions were needed, the minutes were approved as presented.

Consent Agenda
Ms. James-Wilson moved to approve the consent agenda. Mr. White seconded and the motion carried 4-0.  Included on the consent agenda were the following items: 1) Payroll for June, 2015; 2) Accounts Payable as of July 13, 2015; 3) Recommend the following actions:

Hire:  Recommend Stacey Larsen as Food Services Director, effective the 2015-16 school year
Recommend Robert Kirk as .5 FTE OCEAN Teacher, effective the 2015-16 school year
Recommend Joy Wentzel as .4 FTE Library Media Specialist, Port Townsend School District, effective the 2015-16 school year
James Eret as High School Special Education Para Educator, effective the 2015-16 school year
Recommend Che Taylor as Port Townsend School District Groundskeeper, effective immediately
Recommend Mark Tallarico as Blue Heron Head Volleyball Coach, effective the 2015-16 school year
Recommend Bethany Smith as High School Cheerleader Advisor, effective the 2015-16 school year
Recommend Ahmad Baabahar as High School Head Girls’ Soccer Coach, effective the 2015-16 school year
Recommend Erica Dirksen for the position of High School Assistant Girls’ Basketball Coach, effective the 2015-16 school year
Recommend Ron Aguirre for the position of High School Fastpitch coach, effective the 2015-16 school year

Board Correspondence
The Board reviewed the following correspondence:

• Letter from OSPI (Office of Superintendent of Public Instruction) regarding results of recent Washington State Patrol annual inspection of school buses.

Reports
Superintendent
Superintendent Engle reported on the following:
• He will be out of the district July 14 through August 14
• Board Retreat planned for August 17, 2015 from 10:00 a.m. – 2:00 p.m. Keith White said he will not be in attendance, and Skype was discussed as a means for him to participate.

Business Manager
Business Manager Amy Khile presented a budget status report for all funds for the month of June, 2015.

Action Items
Accept resignation of Scott B. Wilson, High School Assistant Girls’ Basketball Coach, effective the end of the 2014-15 school year
Nathanael O’Hara moved to approve this resignation. Mr. White seconded. Ms. James-Wilson recused herself from the vote. The motion carried 3-0.

Recommend Scott B. Wilson as High School Head Girls’ Basketball Coach, effective the 2015-16 school year
Mr. O’Hara moved to approve this recommendation. Mr. White seconded. Ms. James-Wilson recused herself from the vote. The motion carried 3-0.

Approve Resolution 15-04: Adopt the Budget for the 2015-16 school year
Ms. Daly read Resolution 15-04. Mr. O’Hara moved to approve Resolution 15-04, adopting the budget for Port Townsend School District for the 2015-16 school year. Mr. White seconded and the motion carried 3-0.

Approve Policy 2410 – High School Graduation Requirements
Mr. White moved to approve Policy 2410. Mr. O’Hara seconded and the motion carried 4-0.

Approve Policy 3210 – Non-Discrimination
Mr. White moved to approve Policy 3210. Ms. James-Wilson seconded and the motion carried 4-0.

Approve Student Insurance for 2015-16
Ms. James-Wilson moved to approve to approve the use of student insurance from Myer-Stevens Toohey and Co., Inc. for the 2015-16 school year. Mr. O’Hara seconded and the motion carried 4-0.
Approve Amendment to Superintendent Contract
Mr. White moved to approve the amendment to the Superintendent’s contract that acknowledges the superintendent will receive the same 3% COLA (Cost Of Living Allowance) offered to all other district employees. Ms. James-Wilson seconded and explained that since the superintendent’s contract was renewed before it was known the State would approve the 3% COLA, this amendment was necessary. The motion carried 4-0.

Unfinished Business
Director District 1 Vacancy
Dr. Engle said no valid applications had been received as yet. The vacancy has been advertised in the local papers, and is posted on the District website. Dr. Engle said applications are open until August 7. Interviews were potentially planned before the August 24, 2015 board meeting, should any applications be received by then.

New Business
Ms. James-Wilson suggested that Ms. Daly be officially appointed as Acting Board Chair until her resignation takes effect, and another board member be appointed Vice-Chair. Ms. James-Wilson reported that the Wellness Committee is scheduled to meet on July 28, 2015 and should finish the changes to Policy 6700 so it could be reviewed at the August 24, 2015 board meeting.

Policy Review
Policy 3211 – Transgender Students
Superintendent Engle said further review of the policy may be necessary, because approval could potentially cause some facility expenditures. Ms. Daly asked if the Facility Committee might evaluate and report on what costs might be incurred. Dr. Engle said he and Mr. Taylor, Director of Support Services will report back to the Board on their findings regarding this policy.

Board Member Announcements/Suggestions for Future Meetings
Mr. White’s absence at the August 17, 2015 board retreat was discussed.

Adjournment
The meeting was adjourned by consensus at 6:35 p.m.

Respectfully submitted,

Dear Dr. Engle,

Please accept this letter as recommendation for Heather Sanders as a 1.0 FTE Kindergarten Teacher at Grant Street Elementary for the 2015-16 school year.

Heather has been a highly successful primary grades teacher and math specialist in the Quilcene School District for the past five years. Supervisors and colleagues have the highest praise for Heather’s teaching abilities and dedication to students and families. Multiple references stated that Heather “puts her heart and soul into teaching” and is dedicated to promoting positive change within the school and the community at large.

During the interview, we were impressed by Heather’s strong understanding of instruction, curriculum, and early childhood education. Heather has been trained in Guided Language Acquisition Design (GLAD) instructional strategies. She has very successfully implemented these practices in her classroom and is eager to share her knowledge with the staff at Grant Street Elementary.

Katie Pangelinan, Sally Shaw-Dankert, Joy Wentzel and Mary Wilson joined me on the interview committee. The entire interview team is excited to have Heather join the kindergarten team at Grant Street Elementary.

Sincerely,

Lisa Condran
Principal, Grant Street Elementary and OCEAN

Dear Dr. Engle,

Please accept this letter as recommendation for Lori Watson as Third Grade Leave Replacement Teacher at Grant Street Elementary for the 2015-16 school year pending approval of her application for Washington State teaching certification with the Office of the Superintendent of Public Instruction.

Lori has many years of teaching elementary school in Helena, Montana. Lori has been a frequent substitute teacher at Grant Street Elementary for the last five years. She is a highly regarded and frequently requested substitute teacher.

During the interview, Lori answered our questions completely and thoughtfully. It was clear she was a knowledgeable, collaborative, and enthusiastic teacher.

Lois Polley, Allen Fox, Lisa Cartwright, and Tara Clanton joined me in interviewing Lori.

Sincerely,

Lisa Condran
Principal, Grant Street Elementary and OCEAN
August 13, 2015

Dear Dr. Engle,

Please accept this letter as recommendation for Kelly Bodkin as 1.0 Special Education Teacher at Grant Street Elementary for the 2015-16 school year pending approval of her application for Washington State teaching certification with the Office of the Superintendent of Public Instruction.

Kelly is a truly impressive educator with six years of experience teaching young students with special needs in New York City and Ethiopia. Additionally, Kelly held a position at the Sebeta Special Needs Teacher Training College where she trained college professors on multiple aspects of special needs education. For this work she received the United States Presidential Award for Volunteer Service.

Kelly’s references unanimously stated that she is passionate, intelligent educator, who will work collaboratively with a team to achieve outstanding results for students with special needs.

Susan Vokurka, Patrick Kane, Pat Range, and Tara Clanton joined me in interviewing Kelly.

Sincerely,

Lisa Condran

Dear Dr. Engle and PTSD Board of Directors,

I hope this note finds you all well. I wanted to take a moment and highly recommend a candidate for a Special Education position here at Blue Heron School for the 2015-2016 school year.

Ms. Tanna Pittman will serve as the Special Education instructor here at Blue Heron Middle School with a focused support, instruction, and collaboration for Grades 4 and 5 students and teachers.

Ms. Pittman brings an array of talents and experiences that will be advantageous to both our students and staff here at Blue Heron Middle School. Ms. Pittman has served as a Special Education instructor in both New York City and Oak Harbor, Washington. Tanna comes to us being Washington State Special Education K-12 highly qualified and certified and bring a many talents to our learning community.

In closing, I highly recommend Ms. Tanna Pittman to the Special Education instructor position on the Blue Heron Middle School campus within the Port Townsend School District. I believe she will be a welcomed addition to the Blue Heron team as well as immediate impact upon the academic and overall success on many of our 4th and 5th grade learners.

Thank you for your time and consideration.

Be Well,

Re: Para Educator – Blue Heron  
Date: 7-7-15

I recommend the following candidate, Debbie Barnes, to be hired for the 2015-16 school year as a Special Education Para Educator at Blue Heron school working with special education students. She was interviewed by Patrick Kane. Debbie worked as a substitute para-educator at the end of 2014-15 school year at Blue Heron and did a great job working with students.
Dear Dr. Engle and PTSD Board of Directors,

I hope this note finds you all well. I would like to take this opportunity to recommend, Ms. Reynelda McDonald as our new Blue Heron Middle School secretary for the 2015-2016 school year.

Upon culminating a thoughtful candidate screening process, diligent Blue Heron team interviews with three top secretary candidates, attentive reference checks, as well as an office skills and competency assessment for each top candidate I feel strongly that Ms. Reynelda McDonald is an excellent school secretary choice and will be an asset to our Blue Heron Middle School office team and school.

Ms. McDonald brings an array of office and school experience as well as front office coordination with a Parks and Recreation city program in Alaska. She is looking to invest in the Port Townsend community and will also be a Port Townsend School District parent.

In closing, I am very pleased to recommend Ms. Reynelda McDonald for the Blue Heron Middle School secretary position.

Thank you for your time and consideration.

Re: Hiring Recommendation

The high school is pleased to recommend Kimberly Montgomery for the position of Registrar at PTHS. Kimberly is highly skilled and will be a good match for our school and the needs of the counseling office.

Thank you.
July 28, 2015

Dear Dr. Engle,

Please accept this letter as recommendation for Michelle Peters as Special Education Paraeducator at Grant Street Elementary for the 2015-16 school year.

Michelle has experience working with preschool and elementary school students as a daycare provider and as an educational assistant at the Swan School. Additionally, Michelle has a master's degree in clinical psychology from California School of Professional Psychology. Michelle's references emphasized her flexibility, integrity, strong interpersonal skills, and work ethic.

Michelle also has strong Port Townsend community involvement in her roles as co-owner of William James Booksellers and as a regular food bank volunteer.

During the interview, we were impressed by Michelle’s articulate and thoughtful answers to questions, as well as her calm and professional demeanor.

Susan Vokurka joined me in interviewing Michelle.

Port Townsend School Board
Superintendent David Engle
Board of Directors:
Pam Daley

I have spoken with parents and guardians of the former students of Frontier House. We are concerned that the transitional plan offered by Patrick Kane at the School Board Meeting, June 8, 2015 has not been put into place at Blue Heron School. Parents have not been contacted nor have IEP’s been addressed and amended to the new school placement. Adam Marques of Jefferson Mental Health informed me of a proposition to contract two case workers to an EMD classroom to offer some continuity of services. At the time this letter is being written, he is waiting for a reply. Still, this will not be enough.

We are presenting a petition to reopen the Frontier House School for these children and for the many other kids left behind in the main stream classrooms with social, emotional and behavioral needs. The children have been making gains in their behavioral deficits caused by adverse childhood experiences (ACE) at Frontier House. They need and deserve the extra services to help them heal and become better and more responsible adults. I have spoken with an EMD classroom director on the east coast who follows a plan where there are “helpers” from “main-stream” students who come into the EMD classroom and playground as good examples and would fulfill the need of the children being exposed to positive behaviors, solid social and academic skills. To expect EMD children to complete a state assessment test is debatable; if stress triggers dangerous behaviors this could be more damaging than good. In my grandson’s case he shut down in the normal chaos of a public school and was not learning in the classroom. Finding himself in the F.H. program he felt safe, connected, learned how to regulate and began to learn again – opening up and thriving in a safe environment. He is learning again with the Frontier House teams’ special care.

Brad Fulkerson of the WA State Governor’s Office of the Education Ombuds has informed me that the school board is its own unit and can go back to issues and make a change in a decision. I propose that the closure of the Frontier House School is placed on the August 24, 2015 board agenda to discuss keeping the school open and how to make it grow and thrive. If the children must go to neighborhood schools we must address the promises made for transition of students into neighborhood schools.

**Childhood Trauma Affects**

(At Least 1 in 4 Students)

In Every Single Classroom... Every Day...

---

**What Trauma is...**
A psychologically distressing event outside the range of usual human experience. It involves a sense of intense fear, terror, and helplessness, and may lead to a variety of effects, depending on the child.

*Examples include child neglect, abuse, domestic violence, parental incarceration or abandonment, a family member's serious mental illness or substance abuse problem, highly conflicted divorce situations, as well as experiencing serious accidents, disasters, war, or acts of terrorism.*

---

**What Trauma Does to...**

*The Body*
- Fight/flight/freeze reactions
- Sensory/motor challenges
- Unusual pain responses
- Physical symptoms

*Emotions*
- Hypervigilance
- High distress
- Self-regulation problems
- Difficulty communicating feelings and needs
- Possible dissociation

*Actions*
- Poor impulsive control
- Aggression/dangerous actions
- Oppositional behavior
- Self harm
- Overly compliant
- Sleeping problems
- Eating problems
- Substance abuse

*Thinking*
- Lack of curiosity
- Learning/processing problems
- Language development problems
- Difficulty regulating attention
- Executive functioning problems
- Problems with planning and organization
- Difficulty understanding cause and effect

---

**No Signs**
Some traumatized youth show little to no signs at school but may have difficulty at home in relationships with primary caregivers.

---

**Relationships**
- General mistrust of others
- Clinging/overly dependent
- Withdrawn
- Problems with peers
- Overly helpful/solicitous of attention
- May lack empathy

**Self Concept**
- Low self-esteem
- Toxic shame and guilt
- Grandiose ideas/bragging
- May blame others or self
- Body image problems
- Self-sabotaging behaviors

---

**What Trauma-Sensitive Schools Do...**

Help Students

- Feel safe
- Get regulated
- Be connected
- Learn

They Benefit Everyone!

Superintendent David Engle
Port Townsend School Board of Directors
1500 Van Ness Street
Port Townsend, WA 98368

Dear David-

I want to thank you and the entire board for the time, attention and thoroughness given in regard to my resignation during the board meeting Monday night. Although my preference ultimately would have been to complete my term and continue the work I was elected to do, in lieu of other choices, I made the decision to resign. I want to ask the board to acknowledge my resignation in order to move forward for the benefit of the students in our district and our community. I believe the relationship is broken, irreparably so, therefore the work cannot continue. By resigning, I believe I did the right thing. It is crucial to set clear standards for accountability. As hard as it may be for all of us to bless and release me, I'm asking you all to bless and release me.

It's important to me that the facts are correct. In a statement that was read during the meeting, it was stated that students were present when the toast occurred. To be clear, no students were ever present during the toast. Students were on campus, but definitely not present during the toast.

I am humbled by the unexpected outpouring of community support. Honestly, I had expected the opposite. However, that hasn't made my decision (or yours I'm certain) any easier. I know first-hand how thankless and time consuming it is to be a school board member. The work is not easy or even desirable. Yet it is important work. The students and the community are counting on all of you. This experience has shown me personally just how important the work was. I can see how fostering strong relationships with students and community is critically important, a skill I was particularly good at. Think of those sweet little faces, willing to stand up and speak at the meeting, even though they are young and small and nervous. They are the reason for this work. Advocating for them is what I will miss. By resigning, I believe I did the right thing. As hard as it may feel for my supporters, I must ask them to honor my decision and to get behind the board and the new appointment.

It is my hope and belief that together we, as a school community and as a community at large, can all learn and grow from this experience. My work is not finished. My passion and commitment to the schools and kids does not waver. I never intended for any of this to happen. I never wanted my position nor my departure to be a distraction from the important work to be done in regard to students. It is time to move forward. It's what's best for kids.

You are all the heart and soul of public education governance, outstanding volunteers and champions for public education. Working together with all of you was a distinct honor.

With gratitude,

- 

Holley Carlson

INSTRUCTION

Electronic Resources - Educational Technology

The Port Townsend School District board of directors recognizes that an effective public education system develops students who are globally aware, civically engaged, and capable of managing their lives and careers. The board also believes that students need to be proficient and safe users of information, media and technology to succeed in a digital world.

Therefore, the Port Townsend School District will use electronic resources educational technology as a powerful and compelling means for students to learn core subjects and applied skills in relevant and rigorous ways. It is the district’s goal to provide students with rich and ample opportunities to use technology for important purposes in schools just as individuals in workplaces and other real-life settings use these tools. The district’s technology will enable educators and students to communicate, learn, share, collaborate and create, to think and solve problems, to manage their work and to take ownership of their lives.

CIPA UPDATE: To help ensure student safety and citizenship in online activities, all students will be educated about appropriate behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyber bullying awareness and response.

The Port Townsend School District Board of Directors believes that learning will be transformed in schools when technology and other tools serve the individual learner in their everyday learning experiences. All learners (students and teachers) will have the tools, experience and creative frameworks necessary for authentic learning within a community context.

The board directs the superintendent or designee to create strong electronic educational systems that support innovative teaching and learning, to provide appropriate staff development opportunities and to develop procedures to support this policy.

MANAGEMENT SUPPORT

Nutrition and Physical Fitness

The School Board recognizes that healthy habits and academic achievement in school are interrelated and that healthy students are better able to learn. The board also recognizes that high-value nutrition and daily physical activity are both essential in promoting lifelong health and optimal academic performance.

The Port Townsend School District is committed to providing an environment that promotes healthful food choices in its lunch and breakfast programs while encouraging healthy \textit{healthful food} choices in the school vending operations, student stores, fundraising sales, clubs, activities, organizations and any other foods available on campus both during and outside of the academic day—\textit{throughout its food services operations as well as on school campus. Guidelines for food sold or served outside of the food service program are addressed in Policy 3300.}

Wellness in policy and practice is implicit in the district’s role in teaching habits and skills that promote healthy behaviors with lifelong effects on family health, physical activity, nutrition, environmental sustainability and citizenship. Recognizing that because a significant percentage of each student’s day is spent — and daily calories are consumed — at school, it is the intent of the board to encourage a culture of overall wellness by:

A. Providing highly nutritious, attractive, wholesome food to students \textit{in an enjoyable environment}

B. Providing opportunities and support for daily physical activity and being outside.

C. Providing accurate \textit{behavior-focused} information related to food, fitness, the environment and sustainable practices;

D. Providing support to develop staff wellness and participation;

E. Providing professional development around best practices in food service and \textit{PE/Fitness development for food services directors, managers and staff, and PE/fitness staff}

\textit{F. Strive to make the cafeteria a pleasant environment for meals with adequate space and time for all students to eat}

\textit{F.G. Providing support and strategic planning to improve the district’s ability to achieve these goals.}

To create conditions that advance healthful food choices and physical activity throughout the day, the Superintendent will develop and implement a comprehensive district-wide nutrition and physical fitness program. \textit{Enable students, through a comprehensive curriculum, to acquire the knowledge and skills necessary to make healthy lifestyle choices}

\textit{Nutrition Education (cross reference Policy 2020)}

The superintendent shall develop and implement a comprehensive district-wide nutrition program consistent with state and federal requirements for districts offering National School Breakfast and Lunch Programs. The superintendent shall adopt and implement a comprehensive curriculum on health, fitness
and nutrition consistent with the Essential Academic Learning Requirements (EALRs). The curriculum will provide opportunities for developmentally appropriate instruction for grades K-12. The input of staff, students, parents and public health professions in the development of the curriculum is encouraged. The curriculum will support students and align with the district’s goals to positively influence students’ understanding, beliefs, and habits as they relate to good nutrition and regular physical activity. Nutrition, health and fitness topics shall be integrated within the sequential comprehensive health and PE/fitness curriculum taught at every grade level, and coordinated with the district’s nutrition and food services operation.

The district will proactively encourage students to make nutritious food choices by ensuring that:

A. Healthy food choices are available whenever food is sold or served on district property or at district-sponsored events;

B. Schools will regulate the sale or serving of foods or snacks high in fat, sodium or added sugars;

C. Nutritious meals served by the district’s nutrition and food services operation comply with state and federal law, and follow the nutritional guidelines set by the Healthier U.S. School Challenge; and

The school district will encourage and support healthy eating by students and staff by engaging in nutrition promotion that:

- Encourages and models for students healthy eating and regular physical activity.
- Integrates into other areas of the curriculum such as math, science, language arts, social sciences, and elective subjects where appropriate and provides eating experiences, farm visits, garden activities, and cooking classes.
- Provides enjoyable, developmentally appropriate, culturally relevant, and includes periodic participatory activities, such as contests, promotions, taste testing, and field trips to include farms and gardens.
- The district will make every effort to integrate a school garden program at every school with an educational component.

D. The district will make every effort to integrate a school garden program at every school with an educational component.
- The school district will train staff in nutrition and health education and implement the principles of health curriculum in all grades.

Nutrition
Nutritional Standards

Nutrition
USDA Child Nutrition Programs and School Meals
The district provides school breakfasts and lunches that improve upon the nutritional standards required by state and federal school breakfast and lunch programs. As part of the National School Lunch Program, the district will also meet or exceed the USDA nutritional guidelines for all foods sold during the school day (e.g. vending machines, bake sales, school stores) as required by the Smart Snacks in Schools standards.
The district seeks to serve fresh, whole and locally grown foods and to minimize the use of highly processed foods. The use of foods containing high levels of sugars and simple carbohydrates, hydrogenated oils, and additives such as preservatives, artificial colors and flavors are discouraged and to be limited.

The superintendent will establish rules for the sale of food during the school day that complies with the Smart Snacks in Schools guidelines, and encourages the eating of nutritious breakfasts and lunches. Foods and beverages of minimal nutritional value will not be sold on school premises during regular school hours unless approved by the administration.

Any food sales of an occasional nature must have the prior approval of the principal. Only food or drink items approved by the principal will be offered in vending machines.

**Food Services Program**
The district supports the philosophy of the National School Lunch and Breakfast programs and will provide wholesome and nutritious meals for its students **at all PTSD 50 schools**. The Board authorizes the superintendent to administer the food services program, provided that any decision to enter into a contract with a private food service agency shall require the approval of the Board.

While welcoming donations of food, the Board recognizes the potential liability for the district; therefore the food services program shall retain the right to refuse donations of food without the approval of the superintendent. The superintendent shall establish inspection and handling procedures for food donations and determine that the provisions of all state and local laws have been met before incorporating or selling such food as part of school meals.

Desired targets and goals for purchasing regionally produced and/or locally grown food are to be developed annually by the superintendent and the board. The Food Services Director will report annually to the Board on the availability and cost of food available from local farmers.

**Free and Reduced-Price Food Services**
The district will provide free and reduced-price breakfasts, lunches and milk to students according to the terms of the National School Lunch and Breakfast Programs and the laws and rules of the state. The district will distribute a letter to families and a Free and Reduced Price Meal application to all families at the beginning of the school year. The district will protect the identity of eligible students. Parents have the right to appeal any decision regarding their application for free or reduced price food services to the superintendent.

On test days, the district may provide free, nutritious meals to all students, including students who do not qualify for federal school meal benefits. However, the district is responsible for the cost of providing such meals to students.
The Board of Directors may establish a program whereby school meals may be provided to anyone other than students of the district at the greatest price charged any student plus an amount representing the portion of the lunch cost paid for from local, state and federal assistance (cash and food).

USDA Commodities
The district will use USDA foods made available under the Federal Food Distribution Program for school menus in accordance with the district’s adopted guidelines for salt, sugar, fat and fiber.

Waste Management
Food and container waste will be developed as part of operations management: (compost, recycling, and disposal of plastic and paper products). Students will be provided the opportunity to participate in composting and recycling as part of the educational program.

- The district provides school breakfasts and lunches at all PTSD50 schools. The standards for these meals will meet and exceed the nutritional standards required by state and federal school breakfast and lunch programs. Meals offered are nutrient-dense and include whole grains, fruits, and vegetables.
- As part of the National School Lunch Program, the district will provide free and reduced-price breakfasts, lunches, and milk to students according to the terms of the National School Lunch and Breakfast Programs and the laws and rules of the state. The district will distribute a letter to families and a Free and Reduced Price Meal application to all families at the beginning of the school year. The application is also available on the school website. The district will protect the identity of the eligible students. Parents have the right to appeal any decision regarding their application for free or reduced-price food services to the superintendent.
- On test days, the district may provide free, nutritious meals to all students, including students who do not qualify for federal school meal benefits. However, the district is responsible for the cost of providing such meals to students.
- The Board of Directors may establish a program whereby school meals may be provided to anyone other than students of the district at the greatest price charged any student plus an amount representing the portion of the lunch cost paid for from local, state, and federal assistance (cash and food).
- The district will use USDA foods made available under the Federal Food Distribution Program for school menus in accordance with the district’s adopted guidelines for smart snack guidelines.
- Nutrition information: The district shall make available upon request to parents and students a list of detailed nutrition information (e.g. calories, saturated fat, sugar) on all foods and beverages sold at school.
- Competitive foods are not sold during lunch periods
- Healthy food choices are available whenever food is sold or served on district property or at district-sponsored events. (Cross reference Policy 3000)
- Only fat-free and low-fat unflavored milk will be available daily for purchase with breakfast and lunch programs. One day per week low-fat, flavored milk may be available for purchase.

Competitive Foods
- Competitive foods are not sold during lunch periods
- Healthy food choices are available whenever food is sold or served on district property or at district-sponsored events (Cross reference Policy 3000)
Waste Management
Food and container waste will be developed as part of operations management (compost, recycling, and disposal of plastic and paper products). Students will be provided the opportunity to participate in composting and recycling as part of the educational program.

Meal Schedules
Schools that schedule recess before lunch report that students eat more fruits and vegetables, drink more milk, waste less food and are better behaved on the playground, in the lunch room, and in classrooms
- Schools will be encouraged to schedule recess before the lunch period (Grades K-8).
- Students will be provided adequate time to eat, at least 20 minutes to eat lunch after obtaining food.

Donations
While welcoming donations of food, the Board recognizes the potential liability for the district; therefore the food services program shall retain the right to refuse donations of food without the approval of the superintendent. The superintendent shall establish inspection and handling procedures for food donations and determine that the provisions of all state and local laws have been met before incorporating or selling such food as part of school meals.

Farm to School
The district seeks to serve fresh, whole, and locally-grown foods. The school district supports the integration of a Farm to School program into the school food program and the curricular and co-curricular activities as appropriate to facilitate the nutritional and educational goals of the school district. The school district, to the extent possible, will buy and feature farm fresh foods, incorporate a nutrition education curriculum, and provide students with experiential learning opportunities. The school district will support the sustainability of a farm to School program through activities including, but not limited to, fundraising, solicitation of community donations, use of existing resources, and allocation of school district funds.

Desired targets and goals for purchasing regionally produced and/or locally grown food are to be developed annually by the superintendent and the board. The Food Services Director will report annually to the board on the availability and cost of food available from local farmers and teaching and kitchen gardens.

Staff Development
The district shall ensure that professional development is provided for food service directors, managers, and staff.

No Punishment or Reward
Schools will not use food or beverages as rewards for academic performance or good behavior, and will not withhold food (including food served through school meals) or beverages as a punishment except in the following circumstances:
- If an individual student’s Individualized Education Plan (IEP) recommends the use of food for behavior modification, a teacher may use food as a reward for that student.
- Food will be used as a last alternative for behavioral modification as part of an IEP, and teachers
should minimize classroom use and provide healthy food when available.

Access to Drinking Water
Students and staff will have access to free, safe, and fresh drinking water where meals are served and throughout the school day.

Physical Education
Health and Fitness Curriculum

The superintendent will adopt and implement a vertically-aligned health and fitness curriculum that promotes active, lifelong habits and aligns directly with Washington State’s K-12 Health and Fitness Learning Standards and cognizant of the NASPE standards. The curriculum provides opportunities for developmentally appropriate instruction, taught by qualified and trained health and fitness teachers across grades K-12 and throughout the school day.

Physical Education
Physical Education focuses on teaching skills needed to develop lifelong healthy habits and physical fitness. PE classes will promote a coherent and progressive understanding of skills, practice, confidence building, self-knowledge, and personal assessment from kindergarten through high school. The PE/fitness program will be designed to be meaningful and inclusive of all students, to teach cooperation, fair play, and responsible participation. Elementary PE will focus on foundations skills, both social and physical, for developing an active lifestyle; middle school focuses on guided application of those skills with development of personal assessment and goal setting. The high school will cultivate the practice and habits of an active, healthy lifestyle. (See Appendix A, 6700)

All students in grades 1-8 are required to complete an average of 100 instructional minutes per week of physical education. National Standards for Physical Education (NASPE) recommend 150 minutes for elementary school and 225 minutes at the middle school per week, per year. The district will strive to meet or exceed minimum standards for physical activity and/or education on a weekly basis.

Physical Education/Fitness includes age-appropriate instruction characterized by moderate to vigorous movement comprising 50 percent of class time along with fine motor skills, progressive physical fitness, and wellness activities. High school students are required to complete .5 credits of health and 1.5 credits in PE/fitness. The district expects the high school to offer a variety of health and fitness classes for each grade in the high school and to develop students’ preparations and expectations of an active lifestyle in and beyond the high school experience.

Suitable adapted physical education will be included as part of individual education plans or accommodations will be made for students with chronic health problems, other disabling conditions, or other special needs that preclude such students from participating in regular physical education instruction or activities.

Recess
In addition to required PE/fitness, students in grades K-8 will have the opportunity to participate in daily recess, as well as other times for physical activity. The district will provide daily recess period(s) of at
least 20 minutes of unstructured, but supervised, activity or play preferably outdoors for all K–8 students.

**Activity Breaks**
The district will encourage its classroom teachers to incorporate physical activity breaks into their instructional pattern to enhance learning (e.g., Brain Gym). Learning opportunities that incorporate whole body and kinesthetic activities are encouraged and will be supported with training on this topic. Extended periods of sitting for 60 minutes of instruction is strongly discouraged.

**Physical Activities before and After School**
The district will provide for and foster adequate co-curricular physical activity programs throughout the grade levels, including interscholastic sports at the high school and middle school. It is the expectation of the school district that any organization that provides after-school childcare or enrichment program, and that uses school facilities, will also provide opportunities for daily physical activities for all its participants.

**Physical Activity and Disciplinary Action**
Teachers, other district staff, and community members using school facilities will NOT withhold physical education class, recess or other activities as disciplinary action unless the safety of the student or others in question. Additionally, imposing physical activity as a disciplinary consequence (e.g., push-ups and running laps) should only be considered within the parameters set by the district to include social and emotional learning guidelines.

**Waivers and Exemptions from PE/Fitness**
Because healthy habit and academic achievement in school are interrelated and because Physical Education/Fitness is considered key to building habits of a healthy lifestyle, waivers and exemptions from PE are discouraged. The high school principal may waive some portion of the PE/fitness graduation requirement (1.5 credits) for students in grades 9–12 who are fully participating in three sports a year, but will not receive credit toward graduation.

**District-Wide Culture of Wellness**
The district believes that wellness includes everyone and as such promotes overall health by encouraging:

- “Active transportation” through walking or biking to school;
- Healthy programs, both periodic and ongoing, to increase physical activity choices for staff;
- Access to exercise equipment and facilities for all staff;
- Nutrition and wellness through offering healthy food and meal choices at school;
- Physical activity breaks during duty-free periods;
- Partnerships with community organizations that benefit students, staff, families, and community members to participate in lifelong health and well-being.

**Use of Facilities**
School spaces and facilities are accessible to students, staff, and community members throughout the day, week, and year in accordance with the district’s Facilities use Policy. Facilities are open on
weekends and during school vacations by prior arrangement with the district. These spaces and facilities are also available to community groups and organizations offering programs that promote education, physical activity and nutrition.

**Safe Routes to Schools**
The district is responsible for working with community groups, local public works, safety and police departments, transit and transportation directors, and building administrators to facilitate and promote “active transportation” such as walking or biking to school by students and staff. The district will participate in programs and activities that promote using safe routes, skills, and safe practices. The district will identify safe and active routes to promote active transportation as well as promoting the Bike/Walk to School days twice yearly.

**Measurement of Impact**
To facilitate these goals, the Board will maintain a standing Wellness Committee whose charge will include annual review of the district’s Food Service and nutrition programs, PE and fitness programs, and other elements of this policy by:

A. Monitoring the overall effectiveness of the policy and its procedures and practices using the Wellness School Assessment Tool,

B. Monitoring compliance with state and federal regulations, standards, and best practices.

C. Making recommendations to the Board and the superintendent for continued effective improvement and implementation of this policy.

The Wellness Committee will include representatives from staff, administration, parents, students, food services personnel, health care professionals, and community. The superintendent will have responsibility for evaluating the implementation of this policy.

PORT TOWNSEND SCHOOL DISTRICT NO. 50
STUDENTS

District Nutrition Standards – Competitive Foods

The district recognizes that optimal nutrition is essential for lifelong health and optimal academic performance. The Port Townsend School District is committed to providing an environment that promotes healthful food choices throughout its food service operations, as well as food served outside of these operations. Since July 1, 2014, the Smart Snack Standards apply to all snack foods and beverages sold to children at school during the school day.

Additionally, the district is committed to providing healthful food choices when food is available in vending, fundraising sales, clubs, and any school-sponsored activities on school campus outside of the school day. The district is committed to modeling healthful nutrition behaviors in its classrooms. In addition, nutritious foods and foods with calories that are associated with high nutrient content will be made available for all school functions and activities where food is sold.

The Smart Snack Standards do not apply to foods or beverages that individual students bring from home for individual consumption. In an effort to support the consumption of high-value foods at school, the district has adopted the Smart Snack Standards as guidelines for foods sold outside of the school day. Smart Snack Standards apply to all snack foods and beverages sold to children at school during the school day.

Nutritious and nutrient-rich foods items should:

- Be a whole-grain rich product, meaning it includes 50% or more whole grains by weight or have whole grain as the first ingredient; or
- Have as the first ingredient a fruit, vegetable, dairy product, or protein food (meat, beans, poultry, etc.); or
- Be a combination food with at least ¼ cup fruit and/or vegetable. Combination foods mean product that contain two or more components representing two or more of the recommended food groups: fruit, vegetable, dairy, protein, or grains. Examples of such foods include yogurt and fruit, cheese and crackers, hummus and vegetables, fruit cobbler with whole grain rich crust, etc.

Fruits, vegetables, whole grains, combination products, fat-free and low-fat milk and milk products, lactose-free and soy beverages should meet these specific nutrient guidelines:

- Under 200 calories per unit/package
- Less than 35% total calories from fat per item packaged or served. Exemptions include: reduced fat cheese, nuts and seeds and nut/seed butters, dried fruit with nuts and/or seeds with no added nutritive sweeteners or fat, seafood with no added fat, and part-skim mozzarella.
- Less than 10% from saturated fat per item packaged or served. Exemptions include: reduced fat cheese, part-skim mozzarella, nuts, seeds, and nut/seed butters, dried fruit with nuts and/or seeds with no added nutritive sweeteners or fat.
- Foods with zero grams trans-fat as packaged or served (0.5 grams)
- Snack foods should have less than 200 mg. sodium per item packaged or served. Entrees may have 480 mg. sodium per portion packaged or served.
• Less than 35% of calories from total sugars. Exceptions include: dried or dehydrated fruits or vegetables (no added nutritive sweeteners), dried fruits with nutritive sweeteners for processing and/or palatability (e.g. dried cranberries, tart cherries, and blueberries), exempt dried fruit with only nuts/seeds (no added nutritive sweeteners or fat)

Beverages
The standards for beverages vary by grade level, types of beverages and portion size. All students and staff will have access to free, safe, and fresh drinking water throughout the school day. All students may have access to water, carbonated or non-carbonated, in any size. All students may have access to juice: 100% fruit and/or vegetable juice, 100% juice diluted with water (carbonated or non-carbonated) – no added sweeteners. Maximum serving sizes: 8 fluid ounces in elementary school, 12 fluid ounces in middle and high schools.

High School Exceptions
• Calorie-free beverages may be available to high school students only. A maximum serving size of 20 fluid ounces.
• Calorie-free flavored water, with or without carbonation.
• Other calorie-free beverages with less than 5 calories per 8 fluid ounces, or up to 10 calories per 20 fluid ounces
• Lower-calorie beverages may be available to high school students with a maximum serving size of 12 fluid ounces, and up to 60 calories per 12 fluid ounces, or up to 40 calories per 8 fluid ounces.
• No caffeine restriction for high school students. Sales of coffee drinks using a single shot (1 ounce) and 2% milk or less are allowed

Beverages served during the school day to students younger than 9th grade must be caffeine-free with the exception of trace amounts of naturally occurring caffeine. No energy drinks will be sold at schools

Fundraisers, Bake Sales and Concessions Occurring Outside of the School Day
Club, student stores sales, concession stands, and any school-sponsored activities or fundraising efforts occurring outside the school day but for the benefit of school activities are encouraged to support the school district’s effort to providing an environment that promotes healthful food choices by:
• More than 50% of foods available for fundraising activities must meet the Smart Snack Guidelines.
• Healthier and non-food items should be priced lower than less healthy foods when possible
• The sale of non-food items should be considered for fundraising
• Schools may identify the particular needs of their student body and may have the flexibility to set a certain number of fundraisers than can sell foods or beverages that do not meet the nutrition standards.

School and Class Celebrations and Food in the Classroom
The school board recognizes that class parties are a tradition in public education. As we model healthy eating for students, parents are strongly encouraged to provide party snack items that are consistent with the nutritional goals of this policy and are served after the lunch hour whenever possible. School staff and parents are also encouraged to recognize and celebrate students by
methods that do not involve food. The district recognizes that normal eating includes access to nutrient-dense food, as well as having access to “sometimes foods”. Celebrations that involve food during the school day will be limited to no more than one party per class per month. Each party should include no more than one food or beverage that does not meet the snack standards. The district will disseminate a list of healthy party ideas to parents and teachers.

PERSONNEL

Nondiscrimination and Affirmative Action

1. Nondiscrimination

The district shall provide equal employment opportunity and treatment for all applicants and staff in recruitment, hiring, retention, assignment, transfer, promotion and training. Such equal employment opportunity shall be provided without discrimination with respect to race, creed, religion, color, national origin, age, honorably discharged veteran or military status, sex, sexual orientation including gender expression of identity, marital status, the presence of any sensory, mental or physical disability, or the use of a trained dog guide or service animal by a person with a disability. Further, the district will provide equal access and opportunity to meet to the Boy Scouts of America and other designated youth groups.

The superintendent shall designate a staff member to serve as affirmative action/Title IX compliance officer.

2. Affirmative Action

The district, as a recipient of public funds, is committed to undertake affirmative action which shall make effective equal employment opportunities for staff and applicants for employment. Such affirmative action shall include a review of programs, the setting of goals, and the implementation of corrective employment procedures to increase the ratio of aged, handicapped persons with disabilities, ethnic minorities, women, and Vietnam and more recent military action veterans who are under-represented in the job classifications in relationship to the availability of such persons having requisite qualifications. Affirmative action plans may not include hiring or employment preferences based on gender or race, including color, ethnicity or national origin. Such affirmative action shall also include recruitment, selection, training, education and other programs.

The superintendent shall develop an affirmative action plan which specifies the personnel procedures to be followed by the staff of the district and shall ensure that no such procedures discriminate against any individual. Reasonable steps shall be taken to promote employment opportunities of those classes that are recognized as protected groups--aged, handicapped persons with disabilities, ethnic minorities and women and Vietnam veterans, although under state law racial minorities and women may not be treated preferentially in public employment.

This policy, as well as the affirmative action plan, regulations and procedures developed according to it, shall be disseminated widely to staff in all classifications and to all interested patrons and organizations. Progress toward the goals established under this policy shall be reported annually to the board.

3. Employment of Persons with Disabilities

In order to fulfill its commitment of nondiscrimination to those with disabilities, the following conditions shall prevail:

A. No qualified person with disabilities shall, solely by reason of a disability, be subjected to discrimination, and the district shall not limit, segregate or classify any applicants for employment or any staff member in any way that adversely affects his/her
opportunities or status because of a disability. This prohibition applies to all aspects of employment from recruitment to promotions and includes fringe benefits and other elements of compensation.

B. The district shall make reasonable accommodation to the known physical or mental limitations of an otherwise qualified disabled applicant or staff member unless it is clear that an accommodation would impose an undue hardship on the operation of the district program. Such reasonable accommodations may include:

1. Making facilities used by staff readily accessible and usable by persons with disabilities; and

2. Job restructuring, part-time or modified work schedules, acquisition or modification of equipment or devices, the provision of readers or interpreters and other similar actions.

In determining whether or not accommodation would impose an undue hardship on the district, factors to be considered include the nature and cost of the accommodation.

C. The district shall not make use of any employment test or criteria that screens out persons with disabilities unless:

1. The test or criteria is clearly and specifically job-related; and

2. Alternative tests or criteria that do not screen out persons with disabilities are available.

D. While the district may not make pre-employment inquiry as to whether an applicant has a disability or as to the nature and severity of any such disability, it may inquire into an applicant’s ability to perform job-related functions.

E. Any staff member who believes that there has been a violation of this policy or the law prohibiting discrimination because of a disability may initiate a grievance through the procedures for staff complaints.

4. Nondiscrimination for Military Service

The district will not discriminate against any person who is a member of, applies to be a member of, performs, has performed, applies to perform, or has an obligation to perform service in a uniformed service, on the basis of that participation in a uniformed service. This includes initial employment, retention in employment, promotion, or any benefit of employment. The district will also not discriminate against any person who has participated in the enforcement of these rights under state or federal law.
