INSTRUCTION

Library Media Centers

Library Media Centers support and extend the classroom program of instruction through programs of digital and information literacy. Each center shall be provided with a collection of print and non-print materials, instructional equipment and other learning resources to meet the needs of students and teachers. Print and non-print materials shall be catalogued in a manner that will enable such materials to be accessible to students and teachers throughout the school year. Each center shall be appropriately staffed to assist teachers and students in the use of the collection and digital resources as well as the production of teacher and/or student developed materials. In order to support the needs of students and teachers, and to strengthen community ties, the District Library Media Centers work in collaboration with Port Townsend Public Library and consortium members within the automated network system. Each member of the consortium sets policy related to their collection.
