Instructional Resources

Textbooks will be selected in the manner described in policy and procedure 2020 and 2020P. Materials to be included in a library/media center shall be selected as outlined.

Suggestions for Acquisition:

Suggestions may originate from students and teachers. Those suggestions are considered by the library/media staff member who weighs requests, evaluates materials and selects those which fulfill the needs of the instructional program.

Criteria for Selection:

Selection of materials is a continuous process. New materials become available daily. The factors to be employed in selection are:

B. Artistic and literary quality;

C. Reliability and breadth of information with particular concern for the contributions (current and historical) of both sexes and members of the several specific religious, ethnic, political and cultural groups;

D. Accents on sex, profanity, obscenity subjected to a stern test of literary merit and reality; and

E. Professional reviews. (The library/media staff member employs professional reviewing materials, the judgments of other professions – teachers and librarians – to aid in the selection process. Professional reviewing materials include:

2. Published lists of appropriate materials - H.W. Wilson's *Children's Catalog*, ALA *Basic Book Collection* series, Bowker's *Best Books for Children*, AAAS *Science Book List for Young Adults*; materials suggested by the National Councils of Teachers of English and Social Studies; plus Washington Superintendent of Public Instruction *Books for School Libraries*; and other professional publications which evaluate material.)
