This flow chart is for the administrator or designated staff to follow upon student disclosure of suicidal ideation or intent. Start by reminding student of your role as a mandated reporter and requirement to break confidentiality when you feel there may be danger to student's self or others.

**If the student is imminent risk of carrying out their suicide plan, call 911 to request EMT response.**

1. Consult with school counselor, social worker, nurse, administrator
2. Inform parent/guardian of suicide ideation/plan
3. Make a plan with the family that could include the following:
   a. School counselor or designee facilitates safety plan with student
   b. Provide mental health resources and referral options
   c. Follow-up, ROI w/ mental health provider as appropriate
4. Document incident using District approved/adopted forms
